LODGE HONORS AGED MEMBER

Theodore Abercrombie, Sixty Years
an Odd Fellow, Paid Tribute
by Franklin Lodge

MANY VISITORS ARE PRESENT

Observance of Ninety-Seventh Anni-
versary of Founding of Lodge
Combined in Celebration

Approximately three hundred Odd Fellows, many of them from other Indiana cities, saw Theodore Abercrombie, the oldest Odd Fellow in Rush county, honored on the anniversary of his sixtieth year of membership in the order and also witnessed the third degree given by the crack team of Franklin lodge No. 35 on the class named after Mr. Abercrombie. The event was also to observe the ninety-seventh anniversary of the founding of the Odd Fellows lodge, which in reality is April 26, but the celebration was postponed and combined with the Abercrombie celebration.

There were visitors here from Anderson, Connerville, Brookville, Greensburg, Shelbyville, Indianapolis and all surrounding lodges in the county and in nearby counties. Edwin Farrer of Indianapolis, a past grand master of Franklin lodge and H. K. Landis of Indianapolis, commander of the Patriarch Militant branch of the order, were among the distinguished guests present, in addition to the grand master, Jesse McBeth of Fort Wayne, who took part in the ceremony, and Judge Charles J. Orbison of Indianapolis who delivered the principal address.

Judge Orbison spoke on the subject, "The Good Samaritan," and his talk was pronounced among the best ever heard by local Odd Fellows. Judge Orbison is a great favorite among the Odd Fellows here. He delivered the main address when the present lodge home was dedicated.

The ceremony incident to the presentation of the Veteran Jewel to Theodore Abercrombie began about eight-thirty o'clock. The presentation speech was made by the grand master and Mr. Abercrombie was visibly affected by the honor paid him.

The jewel is described as a beautiful peace of work. The main piece of it is a globe on a huge mounting and just above the globe are the numbers "60," in chipped diamonds, signifying the number of years he has been an Odd Fellow. Veteran Jewels may be presented by the lodge to members any time after thirty years of membership.

There were forty-eight members of the Theodore Abercrombie class.

DISCUSSES THE MINISTRY

The Rev. C. M. Yocum Gives One of
Series of Vocational Talks

The Rev. C. M. Yocum, pastor of the Main Street Christian church, delivered one of the series of vocational guidance talks that are being offered the high school by local people, this morning, discussing the ministry. He made an eloquent appeal for the entrance of young men into that profession and talked of the qualifications necessary. The pupils were very much impressed by the local minister. Dr. J. C. Sexton, who has previously given one of the series, was present to hear the Rev. Mr. Yocum speak.

UNIFORM RANK TO ACT AS HOSTS HERE

Will Entertain First and Third Reg-
iments at Annual Memorial of
Latter June 4.

A PARADE AND EXERCISES

The Uniform Rank, Knights of Pythias, will hold a meeting tomorrow night especially for the purpose of making preparatory plans of the entertainment of the First and Third regiments of Uniform Rank in this city on the first Sunday in June, the fourth, at the annual memorial services and review of the Third regiment. The First regiment will be guests.

A large crowd of uniformed men estimated at between 250 and 300 will be here for the occasion, which will be one of the biggest things in lodge circles for Rushville in many months. General Gray of Covington, commanding the Indiana brigade of U. R. K. of P., has consented to be present with his staff and review the parade. Col. Frank Shellhouse of Indianapolis will be here with the First, which is composed of companies in and around Indianapolis. Captain Will Johnson of Seymour will inspect the companies of the third. James E. Watson has been invited to make the principal address at the exercises at the ball park in the afternoon. A parade will be made over the brick street section of the city.

The local subordinate lodge will participate and has invited the subordinate lodges of surrounding cities.

Claude Cambern, administrator of the estate of the late Mrs. Anna Sexton has filed a petition in circuit court to sell real estate.

W. T. Jackson is ill at his home in North Perkins street.

SET TIME FOR RECEIVING BIDS

City Council Will Award Contract

timates Aren't Too High

SURE TO BE 50 PER CENT MORE

Petition is Presented to Pave Alley
East of Main Between Fifth
And Sixth Streets

A petition was presented to the council last night for the paving of the alley east of Main street running between Fifth and Sixth street. The petition asks that the alley be paved with concrete and was signed by four of the abutting property owners. The council instructed the city engineer to draw up the plans and specifications and these will be presented at the next meeting. The paving of an alley takes the same course as a street improvement and the property owners opposed to the paving will be given a chance to remonstrate.

A petition was also presented to the council asking for permission to construct cement sidewalks, curb and gutter on the west side of North Main street between Twelfth and Thirteenth streets. The petition was signed by John and Theodore Abercrombie and was referred to the street and alley committee.

Some residents of East Fifth street called the attention of the council to the condition of some of the sidewalks in that section and asked that they be made to conform with the city ordinance. It is understood that the walks in question are too low and that they are covered with dirt most of the time. The petition was referred to the street and alley committee.

The council set May 26 as the time for receiving bids for the street oiling. The council has intimated that the bids may be turned down if they are considered too high, although it is expected that the price will be almost 50 per cent higher than last year. The cost of oil is said to have increased.

The report of Engineer Dill on the improvement of Eleventh street was rejected by the council, because the report failed to show the preliminary expense to the property owners. The work is completed and the failure to make the report correctly held up the contractor from getting his money. The improvement was for sidewalks in the Stewart and Tompkins addition.

Because of the numerous special sessions business before the council was very light. The water question was again discussed but no definite action taken.

A large number of persons neglected to pay assessments for city improvements. Monday was the final day. These can now be paid for a period of thirty days with a penalty of ten per cent added. After this period City Treasurer Stech will turn the list over to the county auditor to be placed on the tax duplicate.

HERON IS FOUND HERE

While feeding the chickens today Mrs. Bruce Beck noticed an odd looking bird with them, which has since been thought to be a heron. It is now on exhibition in the show window of the Maury Company. By some it is thought to have been injured in a storm and blown this way by a west wind, being unable to fly. The heron is a bird living in marsh countries. This is a young bird.

THREE IRISH REBELS SHOT

Trio Who Signed Proclamation An-
nouncing Formation of Repub-
lic, One Unnamed, Executed

THREE OTHERS IMPRISONED

Secretary Birrell, Blamed For Re-
bellion Because of Lax Treat-
ment, Resigns

(By United Press.)
London, May 3.—Peter Pearce president of the seven-day Irish republic, James O'Connolly, commander of the army of the Irish republic, and a third man whose name was not given were found guilty by court martial and shot to death this morning.

Their execution was announced in the house of commons this afternoon by Premier Asquith.

A moment later announcement was made that Chief Secretary for Ireland, Augustine Birrell, the man held largely responsible for the Irish outbreak, had resigned from the British cabinet.

Premier Asquith stated that all three of the rebel leaders executed this morning had signed the proclamation of a new Irish republic issued by the rebels at the beginning of the Dublin outbreak. This statement eliminated the possibility that Sir Roger Casement, awaiting trial in the tower of London for the part he played in the conspiracy, was the third unnamed man shot to death. Casement's name was not attached to the proclamation.

Three other signers of the proclamation were sentenced to three years imprisonment east.

The swiftness with which the government acted came with some surprise to parliament. No previous announcement had been made that a court martial would be held this week to deal with the rebels brought to England.

On the other hand the resignation of Birrell caused no surprise. Rumors were in circulation about the lobbies of the house of commons last night that the chief secretary already had tendered his resignation after heavy fire from the newspapers and the public on the charge that his lax treatment of the Sinn Feiners had encouraged them to revolt. Birrell was virtually forced out of the cabinet while a motion was pending in parliament, calling upon him to resign.

PLAY WELL RECEIVED

The high school play "The Follies of Manila High School" presented last night at Manila attracted a crowded house and made a decided hit. The play was well received. About \$75 was cleared on the play which will be expended on electric light fixtures for the auditorium. Several from this city attended.

SKEETERS ARE ACTIVE

New York, May 3.—An army of more than a million mosquitoes today invaded the schools of New York, New Jersey and Connecticut. This is anti-mosquito week in the three states and the skeeters were bottled alive in glass jars for the purpose of experiment and demonstration in the public schools. It is hoped in this manner to familiarize the pupils with the requirements, habits and offensive equipment of the mosquito, that he may be properly and forever squelched. The boys and girls will do battle with the pests all this week.

MAY GET NOTE TOMORROW

Ambassador Gerard Probably Will
Receive German Reply.

(By United Press.)
Berlin, May 3.—It is expected that the German reply to the American note will be delivered to Ambassador Gerard tomorrow morning.

Though the German reply as exclusively stated by the United Press yesterday, has been completed, it was not quite ready for the cable at noon today though it may go forward with no more alterations.

DELINQUENCY IS BELIEVED LOWER

Figures Available Today Reveal
Only \$13,540.77 on Tax Dup-
licates Uncollected

TOTAL SUM PAID \$298,446.73

Figures available at the treasurer's office today showed that the total amount of taxes collected during the spring payment season amounted to \$298,446.73 out of a possible \$311,987.50 on the duplicate. The delinquency of \$13,540.77 compares favorably with former years and is believed to be slightly lower.

Monday, the final day for paying taxes, was an exceedingly busy one at the treasurer's office and while more people were waited on than during any other one day, the amount collected did not come up to expectations. The office force waited on a total of 711 people and collected \$19,849.97. Tax paying this year was made easier by paying by check. The treasurer's office urged this method of paying taxes and a large number of persons never even visited the office to pay.

NUMBER OF SCHOOL CHILDREN LARGER

Enumeration in City Increases by
Fifty Compared to Last Year,
Showing Approximately 1,350

COUNTY REPORTS NOT ALL IN

Figures on the school enumeration for the city of Rushville show a substantial gain over last year. The total number of children shown by this year's enumeration, not including wards of the Rush circuit court, is 1,325 as compared with 1,298 for last year.

The total of 1,298 for last year included 21 wards of the court and this number is expected to be even greater this year, bringing the total number of children of school age in the city close to the 1,350 mark. The enumeration shows a total of 1,264 white children divided as follows: males, 633 and females 631. The colored school children total 61 and are divided as follows: 35 males and 26 females. In both divisions the number of boys exceeds the girls. The local school board is elated over the showing.

Superintendent George has received all but four of the reports from the township trustees on the enumeration. The reports were due last Monday.

George Todd and Rice Bishop, using the Fred Caldwell truck moved the furniture of Joe Stern to Cincinnati today.

EXPEDITION TO STAY IN MEXICO

Carranzistas Will Not Interfere
With U. S. Troops, Accord-
ing to an Agreement Reached

ALSO ALLOW USE OF ROAD

Chief of Staff Scott Reported to
Have Set 60-Day Limit of Oc-
cupation of Chihuahua

(By United Press.)
El Paso, Texas, May 3.—The American expedition will remain in Mexico without interference from Carranzista troops, according to an agreement reached at midnight by Chief of Staff Scott and Carranza war minister, Obregon after a conference lasting nearly twelve hours.

Obregon has granted permission for the expedition to have full use of the Mexico Northwestern railroad in transporting supplies and men and has promised to co-operate "as fully as possible" with General Pershing's forces, it was said on reliable authority. In return, Scott was unofficially reported to have set a sixty-day limit on the presence of the Americans in Chihuahua.

Scott's concessions, if any were made, were not definitely known, however.

The conclusion will not become effective, according to the understanding around the conference room, until ratified by the respective government of the conferees.

The agreement was reached after a conference beginning at noon yesterday in the hotel Del Norte. Obregon and Scott emerged smiling from the conference room, both refusing to indicate the outcome of the session. In a statement issued earlier in the evening they had stated jointly that "negotiations now in progress probably will result to the satisfaction of all concerned."

General Funston was eliminated from the meeting. This was obvious, though no official intimation of objections to his presence was given out. Funston strolled about the hotel during the meeting.

Funston is persistently reported to have clashed with Obregon during the first conference held in Juarez over the war minister's contention for the expedition's withdrawal and the Carranzista ability to control the situation.

MILLER MAY RECOVER

Word received today from Indianapolis was that Harold Miller, formerly of this city and son of William Miller, who was crushed in an elevator Monday and thought to be fatally injured, would more than likely recover. One of his arms was amputated.

The Housekeeper's Story

Here are the exact words of an experienced housekeeper:—"The goods I buy continually are those that are advertised widely and attractively in my favorite newspaper. I want no better guarantee than continued advertising. When I see goods persistently advertised in a reliable newspaper I am certain they are reliable—for I know that a firm is not going to spend large sums advertising a product unless that product has merit."

This statement proves that it is mighty poor policy for merchants to attempt to sell to good customers any unknown, non-advertised goods which are guaranteed neither by the merchant nor by the manufacturer.

Small Boy, On Way Here, Causes Turmoil By Telling Police A Fib

A lost boy story that perplexed the Indianapolis police was solved last night, according to Indianapolis newspapers, when John Lee Anderson, age ten years, son of Mr. and Mrs. Charles Bebout, who are moving from Anderson to near Gings, told the true story of the cause for him being lost in Indianapolis.

The first tale he related to the police, according to Indianapolis dispatches yesterday, was that he was from Flatrock and that his mother had left him while they were on the street together. Later it developed that his present home was at Gings, this county.

The boy's first story was that he arrived in Indianapolis with his

mother Monday noon. He said they visited a motion picture show and in some manner became separated. John had 5 cents and he used it to ride to the home of an aunt in Brightwood, expecting to find his mother there. When she did not arrive in a short time he walked back to the downtown district.

A policeman found the little fellow who was tired by his long walk and worried because his mother had not been found. He was taken to Indianapolis police headquarters about time for roll call.

The sight of so many men in blue uniforms scared him and he would neither eat nor sleep for a long

Quality First

WHY I HAVE HUNG THE CHALMERS MONOGRAM OVER MY DOOR

I made up my mind to give you people the biggest possible automobile value for your money.

I studied the situation from every angle.

When I decided to hang the Chalmers Monogram over my door, I did so for salient, rock-ribbed reasons.

I am convinced that Chalmers cars combine big value and sensible price.

Hugh Chalmers does not make them merely to sell—but to stay sold.

Some automobile factories build their own frames, but buy their engines elsewhere in job lots. They are not factories at all—just big assembly plants.

But the Chalmers car is built entirely in the Chalmers plant—from rough casting to final assembly.

The great Chalmers plant comprises twenty-two great, clean, sunny buildings.

If you ever get into Detroit, visit the Chalmers factory.

In the chassis assembly room you will hear a din like the rivet hammers of twenty skyscrapers crashing in concert—the compressed-air hammer squad riveting Chalmers chassis.

In the physical testing laboratory, you will see up-to-date instruments of torture ingeniously designed to crush, twist, stretch, and bend iron and steel. Here all raw material that goes into the Chalmers car must first receive unqualified O. K.

Samples of every shipment of steel, iron, bronze, and aluminum must be found perfect by Chalmers chemists. Their laboratory is the best equipped in the whole motor industry.

You'll see the great forge and foundry. There are more drop forgings—remember—in the Chalmers car than in any other car in its price class.

The enormous fender press, which cost \$90,000, turns out a graceful Chalmers molded fender with every 175-ton blow.

Automatic milling machines bore and grind Chalmers cylinders—accurate to 1-1000 of an inch.

In the Chalmers heat-treat inferno, the roar and smoke of thirty furnaces suggest Vesuvius at bat—batting 1000 per cent.

Everywhere you'll see inspectors—alert, all eyes, fingers, measurement—insisting on deadly accuracy—armed with micrometer, with scleroscope; 226 inspectors all told; and inspection alone costs the Chalmers company over \$300,000 every year.

Every Chalmers car I sell ties up with the great Chalmers organization, year after year, by virtue of the highly developed Chalmers Service.

There is nothing vague about Chalmers Service.

Its universal coupon system provides for 100 half-hours of free inspection service every year, negotiable at any Chalmers dealer in the country.

That's the reason why I paid cold cash for a generous quota of these magnificent cars.

MILITIA HURRIED TO PLACE

(By United Press.)
 Pittsburgh, May 3.—While the flower of the state militia marched into the Westinghouse strike zone at 9 a. m. today to preserve order, the movement of 100,000 munitions workers for an eight-hour day gained strength.
 Several thousand employees of the big McKees Rocks plant of the Pressed Steel Car company walked out, tying up the works. A general strike of the 12,000 employees before nightfall was in prospect.
 Shortly after noon large bodies of strikers, the most of them foreigners, began a movement toward Braddock. The governor's troops were immediately advised and prepared to move there at once.
 Before nightfall several more troops of cavalry will be in the strike zone. Strike leaders preached to the men out of the plant today. The first bulletin at strike headquarters contained this sentence:
 "Brothers, if you don't intend doing needful picket duty, stay at home."
 Eight hundred strikers met in East Pittsburgh quarters and passed resolutions calling upon Patrick Gilguy of the state bureau of mediate and conciliation to urge the employers and the men to arbitrate their differences.

EAT DEER MEAT

St. Paul, Minn., May 3.—Beef has become dear meat and Minnesota officials would meet the situation with deer meat.
 W. T. Cox, state forester, would have Minnesota farmers raise deer to bust the beef trust. He says it would be no trouble at all to raise deer for venison. They are self supporting, grazing on even the poorest land. They rapidly increase, each doe bearing two fawns annually. They mature in half the time steers require he says.

DUES ARE BOOSTED.

Chicago, May 3.—Financial stringency in the Affairs of the Western Lawn Tennis association today caused that body to boost annual dues of all clubs in the association from five to ten dollars, effective May 1 1917. New clubs joining now will have to pay ten dollars.
 Said Secretary John Meely: "Last season with 20 clubs the association had \$35 left to spend for tournaments." The association now has a membership of 32 clubs.

War Demonstrates It.

Laborers in the hundreds of mills in this country which are engaged in supplying the European belligerents with munitions of war, handling sub-contracts, or indirectly benefiting from the abnormal conditions caused by the European holocaust, are getting a concrete example of what it means to their pay envelopes if the mills in which they labor are running at full time, full capacity. Wages were never so high in our history.

The Democratic theory, as expounded by Mr. Underwood in presenting his law to Congress, was to provide rates of duty so low that they would encourage the importation of foreign-made goods made in extent which would cause active competition with goods made in America. These increased importations were expected to yield increased revenues even at the lower duties. Underwood's desire was to split our domestic market "fifty-fifty" between American and foreign producers.

The Underwood idea became a part a condition and not a theory very shortly after the passage of the Democratic law, and imports for consumption (according to Secretary Redfield's figures) increased during the period October 3, 1913 to June 30, 1914, (nine months) \$145,000,000 over the record for the period October 1, 1912, to June 30, 1913, under the Republican tariff law, or at the rate of over \$16,000,000 a month. But the ratio of duties to imports had been so reduced by the Democratic law that in spite of the huge increase in the volume of imports the revenues declined so alarmingly that Secretary of the Treasury McAdoo was prompted to befuddle the public by devising an entirely new system of accounting, and no sooner did the war break out than the Democrats seized upon that opportunity to saddle us with a "war tax" to hide the deficiencies of their tariff law.

The Republican policy of protection is designed to give our manufacturers first consideration in our home market. If the foreigners wish to enter our market they must pay rates of duty measured by the difference between the very low wages paid by them to labor and the wages we pay to our workmen. That they are willing to do this to a reasonable extent is proved by the fact that Republican tariff laws, without injuring American industries and putting laboring men out of employment, have been uniformly adequate revenue producers. They have given our workmen jobs and have not subtracted from their pay-checks by levying direct taxes.

The Democratic argument of "goods for goods" is unsound under the prevailing differences in labor costs. Let the foreigners take our goods and balance the account with cash. The man who sells groceries may pay out part of his net profits for clothes, rent, etc., but he would be a poor business man who could not make his business credit him with a bank account. If American manufacturers can be assured of the home market they can proceed confidently to the conquest of foreign markets. This means that they can keep the mills going at full blast, keep labor continuously employed and the resulting higher efficiency will mean better wages and bigger dividends, and thousands of small stockholders should appreciate this.

If running at full capacity results in the piling up of a surplus, let our manufacturers sell it abroad, at reduced prices, if necessary to capture foreign trade. It will hurt nobody but our competitors, and trade has not yet reached the philanthropic stage. When commercial war and actual war have ceased we will dis-time is not yet. Biding the arrival of that Utopian period it will be good horse sense to have a party in power which will protect American industries and uphold American hon-

First Baptist Sunday School More Than Doubled Attendance In Two Years

FIRST BAPTIST SUNDAY SCHOOL

The above is a picture of The First Baptist Sunday School of which James W. Gartin is superintendent. It was taken Easter Sunday. There were one hundred and eighty-one in attendance. The membership of the church is one hundred

and sixty. There was an attendance at the Sunday School on above date was twenty-one above its church membership. The average attendance of the school the past four months which include January, February and March, the hardest

months in the year for Sunday School work, was one hundred five, and the average weekly offering four dollars and twenty cents or exactly four cents per member. During the past two years the school has more than doubled in attendance and al-

most doubled its contributions.

The school is greatly hampered in its work and larger development at present for lack of room in which to carry forward its work. It anxiously awaits the erection of the new modern building which the church now has under way.

or, and that party is most emphatically not the Democratic party. The wise workmen will look to the future and vote the Republican ticket this fall.

Cut prices and substitution are twins. The store that sells a trademarked article at a loss must increase its profits on anonymous goods to stay in business. It is clear that a certain average of profits must be maintained or a merchant will become bankrupt. The Stephens standard price bill, which is now before congress, is designed to enable a child to buy as safely as a mature person. When producers are able to sell their goods at uniform prices they will, from business prudence, keep up the quality and the customer who asks for an article by name will know just what he is getting.

With all of the talk about birds that was set loose on this community last week, no one explained why, "robins sing for rain."

Our Answer to Mexico.
(South Bend Tribune.)

The best answer that could be made, in our judgment, to the demand that the American troops be withdrawn from Mexico would be to mobilize the national guard immediately on the Rio Grande and send the regulars now guarding the border down into Mexico to strengthen the American lines already established.

Carranza might gather from that that we intend to carry out our purpose in Mexico with his permission if he has sense enough to grant it and work with us, or without it. Which course shall be taken will depend upon the Mexicans only. If that mobilization fails to impress the de facto government, then intervention must follow, much as we dislike it. In such an event there will be no stain on our banner.

Should congress immediately order the president to call for 500,000 volunteers for service in Mexico, the answer would be notice to the world that American patience can be exhausted and that we are not too proud to fight if driven to it. We venture to hold the belief also that the mobilization of half a million men would have a tremendous effect upon European nations which now so flagrantly disregard our rights and the rights of neutrals generally.

HUNDRED LEADING HOOSIERS

William H. English (1811-1896)

William H. English, one of Indiana's foremost sons, and for many years a figure of national prominence, was born in Scott county August 27, 1822. He was largely self-educated, studied law and entered politics at an early age. While still in his twentieth year he was sent as a Scott county delegate to the state democratic convention.

English took the stump for James K. Polk in 1844 and was later given a position in the treasury at Washington. He was a member of the legislature in 1851 and 1855. Upon the resignation of the speaker, English was elected to that position. For ten years he was a member of congress and championed the popular sovereignty idea in regard to slavery. He declined several appointments tendered him by Presidents Buchanan and Johnson.

The democrats drafted him as their candidate for vice-president in 1880, but he was defeated with his party.

The later years of his life were given to the management of extensive business interests. For fourteen years he was president of the First National bank at Indianapolis, and held large interests in the Indianapolis street railway system. English gained considerable fame as a writer and his "Conquest of the Northwest" is a standard work. He died on February 27, 1896.

Joseph McDonald (1819-1891.)

One of the greatest constitutional lawyers of his day was Joseph E. McDonald. His practice extended from Washington, D. C., to the Mississippi river and few men have handled as many cases of national importance as did Senator McDonald. He was born in Butler county, Ohio on August 20, 1819.

When he was seven years of age his parents moved to Indiana. Young McDonald learned the saddlers trade which he followed for six years. He attended Wabash college for two years, DePauw University for one term and then taught for a year. After being admitted to the bar he served several terms as prosecuting attorney for Montgomery county and in 1849 was elected to congress.

In 1856 McDonald was elected attorney general for Indiana. Three years later he moved to Indianapolis. In 1864 he was the democratic nominee for governor but was defeated by Morton. In 1875 he was elected to the United States senate and because a power in that body. He was chairman of the committee on public laws; a member of the judiciary and other committees. In 1880 he came within a few votes of being named the democratic candidate for president and again in 1884 was Indiana's choice for this position. He died on June 21, 1891.

Amusements

The big event for which the youngsters and grownups have been impatiently waiting is drawing near, for on Tuesday, May 11, Ringling Brothers' circus is to exhibit afternoon and night in Indianapolis.

Expectancy never ran so high before and it is likely that this district will send a large delegation to feed the elephants. Unusual interest centers around the gigantic spectacle. "Cinderella," with which the famous showmen are this season opening their wonderful main tent program. "Cinderella" is probably the best loved of all fairy tales and to see it produced with more than 100 persons, hundreds of dancing girls and glorious pageants, indeed gives promise of making "childhood's golden dreams come true." In the same great tent, will come the marvelous circus numbers in which 400 men and women performers, scores of trained animals and a galaxy of special features are introduced. The majority of the acts are entirely new to America, the Ringling Bros. having secured the pick of those European performers who have been obliged to seek engagements in this country because of the war. The all-new street parade will take place show day morning.

RECOVERY OF NEW JERSEY WOMAN

Due To Lydia E. Pinkham's Vegetable Compound.

Bridgeton, N.J. — "I cannot speak too highly of Lydia E. Pinkham's Vegetable Compound for inflammation and other weaknesses. I was very irregular and would have terrible pains so that I could hardly take a step. Sometimes I would be so miserable that I could not sweep a room. I doctored part of the time but felt no change. I later took Lydia E. Pinkham's Vegetable Compound and felt a change for the better after the second day. I took it until I was in a good healthy condition. I recommend the Pinkham remedies to all women as I have used them with good results."

Mrs. MILFORD T. CUMMINGS, 24 New Street, Bridgeton, N. J.

Such testimony should be accepted by all women as convincing evidence of the excellence of Lydia E. Pinkham's Vegetable Compound as a remedy for the distressing ills of women such as displacements, inflammation, ulceration, backache, painful periods, nervousness and kindred ailments.

but one was unable to be present for the third degree last night. But the class was composed of forty-eight, however, because there was one candidate from Mays. The Odd Fellows orchestra furnished music for the occasion.

The work of the third degree staff

of Franklin lodge, which is already of state-wide renown, was highly complimented last night. The degree staff is just so good that members of the team think they can go to the Sovereign Grand Lodge at Chattanooga, Tenn., next September and take down the first for the best drill.

Although the third degree team members are not saying much, they have high hopes of going to Chattanooga to compete for the prize. The expense would be heavy, but it is said that J. T. Arbuckle, past grand master, has promised to raise enough money to pay the railroad fare if arrangements can be made for the remainder of the expense.

WILLIAM A. COWGER REMOVED BY COURT

Fred McFatridge Appointed Guardian of Elmer C. Cowger and Bond is Fixed at \$2,000

DEMURRER IS OVERRULED

Judge Sparks today removed William A. Cowger as guardian of Elmer C. Cowger and appointed Fred McFatridge. Mr. McFatridge's bond of \$2,000 was approved by the court. The suit was brought by Oliver M. Offutt and the evidence was heard yesterday. The complaint alleged that Mr. Cowger was not capable of holding the trust.

The suit of Arsula Curry against Walter E. Smith, for money had and received was sent to Hancock when the court granted the motion for a change of venue.

Judge Sparks overruled a demurrer to the complaint in the suit attempting to remove Oscar Stewart as administrator of the estate of the late Riley Stewart. The case will now come to trial on the original issue. It is maintained that Oscar Stewart should be removed as administrator because he is the administrator of the estate of his mother and holds an interest in both estates.

COUNTY POCKETS ARE FULL OF CASH

Probably Has More Money to Its Account Right Now Than Ever Before in Its History

TOTALS MORE THAN \$400,000

Deposits Amount to \$389,423.19 and Cash on Hand Raises Sum \$23,000 More

Rush county probably had more money to its credit in the banks and on hand at the close of the spring period for paying taxes than ever before in the history of the county. The deposits in the banks amounted to \$389,423.19 at the close of business April 29 and in addition to this sum the treasurer's office had on hands the sum of \$23,000, bringing the total up to over \$400,000.

One reason for the increase in finances is that the tax rate is generally higher. The sum of \$400,000 will remain for only a short time as it will be distributed by the first of next month. The settlement with the state will be made out of this sum and the balance will be distributed to the various township and county funds.

The amounts on deposit in the various banks and trust companies at the close of business April 29 were as follows:

Rush Co. National	\$81,811.82
Rushville National	71,445.24
Peoples National	63,116.63
Peoples Loan & Trust	24,217.59
Farmers Trust	24,955.71
Carthage Bank	45,127.82

Milroy bank	18,336.61
Mays bank	13,570.77
Falmouth bank	5,542.47
Glenwood bank	12,901.73

Total \$389,423.19
The interest received from these deposits amounted to \$429.02 and was divided as follows:

Rush Co. National	\$95.94
Rushville National	85.42
Peoples National	66.52
Peoples Loan & Trust	29.17
Farmers Trust	25.23
Carthage bank	51.70

time after the matron took charge of him. Finally the cravings of his stomach overcame his timidity and he ate his supper. Then he fell asleep on a couch in the matron's room.

John said his father died about a month ago and that his mother married Bebout about a week later. They lived near Franklin until a few days ago when they moved to Ging's station, he said. Bebout was expected to meet him and his mother here yesterday, he told juvenile court officials.

Last night, so the story runs, the truth was finally told by the boy, after all the machinery of the Indianapolis police had been set in motion. When he was placed in the Detention Home in Indianapolis, he broke down and cried and said he "wanted to tell the truth."

At the Detention Home he said he had lived at Anderson, that he was sent on the traction line to Indianapolis and was to go on to Rushville to the place where the family will live. He went to a motion picture show, got lost, and appealed to the policeman. He told where his mother was visiting in Anderson. She was called on the telephone and said she would send after the lad immediately.

CENTENNIAL NEWS LETTER

(Issued by the Indiana Historical Commission) Plainfield Experiment

The pageant "Indiana," to be enacted at the Boys' Industrial school at Plainfield on May 15 during the week of the National Conference of Charities and Corrections, is unique in its inception and form. It is a curious thing to have the inmates of an Institution celebrating an event in the life of the State, which is responsible for their detention within that Institution. It is probably the first instance of a patriotic celebration by penal institution in pageant form. Every item in its production is to come from the Institution itself. The book is printed, the costumes tailored, the carpentry performed, the music furnished, the talent secured, all from within the walls of the school. It can more nearly be called a community celebration than any other celebration to be held in the State, as it has nothing which is not a product of the community which enacts it. The author and director, W. O. Conway, is not of the school but very greatly interested in it and is conducting the affair from the double standpoint of a pageant venture and a sociological experiment. That it is considered in the latter light by the National Conference of Charities and Corrections is indicated in the fact that it has given the Plainfield pageant a place on its program. Incidentally, it will advertise to the many distinguished visitors the efforts of Indiana to commemorate its Centennial.

A Word to the Wise.

Now that the Centennial movement is in full swing over the State, a word of caution seems in place. Centennial organizations and officials are being approached with all kinds of red fire and tinsel proposals made by amusement promoters. Some of the latter even agree to go into a town and put on its Centennial celebration, relieving its citizens of all thought and responsibility in the matter! Such a proposal is an insult to the intelligence of the community and brands those who make it. The Centennial activities over the State are being urged and entered upon from a high plane of real education and patriotism. They should not be compromised and degraded by commercial amusement companies posing in Centennial clothing. Better no celebration at all than a farce. The people of Indiana will profit by this year's efforts by just as much of thought and intelligent interest and work as they contribute. It is a safe proposition for communities to beware of the people who are anxious to give them something. Do your own celebrating. And remember—"The Centennial celebration is no carnival."

Honor Pioneer Mother.

Steady progress is being reported in the movement to erect a monument to the Pioneer Mother. As a result of the penny contributions made by the school children of the State, the amount of six hundred dollars has been received at the office of State Superintendent Great-house. A stamp is being issued for the promotion of the cause, which is to be sold at the rate of one dollar per hundred.

Huntington County Leads

Huntington leads off this week with the first county celebration to be held in the State. Under the able leadership of County Chairman J. M. Scudder, city school superintendent, effective work of preparation and education has been done in the Huntington schools, and as a climax to all this an elaborate Centennial Exposition has been prepared which is being staged in Huntington's new half million dollar court house.

PLANS FOR BAZAAR

Thirty members of the Immaculata Sodality were in attendance at the regular meeting held last evening at the home of Miss Alma Hackman. The evening was given over to the discussion of plans for the bazaar, which is to be held in the K. of C. hall on May 10th and 11th. Lunch will also be served at this time.

PITCH-IN

The employees of the Neutzenhelzer Millinery Shop had a pitch-in supper last evening in the Millinery Store, where a table was arranged and a delicious repast was served. In the party were Mrs. Neutzenhelzer, Miss Myrtle Schmalzel, Mrs. Lote Carter, Miss Sue Gregg, and Mrs. Helen Mitchell, the latter being an invited guest.

FAITHFUL WORKERS

The Faithful Workers Class of the Christian church met Monday evening with Miss Mary Louise Wyatt at her home in North Perkins street. After a business meeting, presided over by the president, Miss Mildred Oneal, the evening was spent socially with music and games. Light refreshments were served to the fifteen guests who were present. The next meeting will be held at the home of Miss Mildred Oneal in North Perkins street.

INTERESTING AFTERNOON

Another chapter in "The King's Highway" which has furnished the topic for such interesting meetings of the Missionary society of the First Baptist church, was reviewed this afternoon, when the ladies met at the home of Mrs. Charles Ellerman of Circleville. Mrs. Ellerman was assisted throughout the afternoon by Mrs. Chester Ridout. The review of the chapter brought out an interesting discussion. A social hour, during which dainty refreshments were served, completed the meeting which was well attended.

SOCIAL MEETING

The social meeting of the Young Ladies Missionary society of the United Presbyterian church was held this afternoon with Mrs. Hal Pike at her home in West Ninth street. Sociability prevailed through the afternoon while the ladies were engaged over their fancy work. Near the close of the affair, a tempting collation was served by the hostess to the guests.

PLEASANT AFTERNOON

Eighteen members and five visitors were in attendance at the regular meeting of the W. R. C. Penny Social held with Mrs. Ben Goodin yesterday afternoon. The assisting hostess was Mrs. Lydia Turner. Red and white was the color scheme carried out in the pretty floral decorations, which consisted of vases of flowers placed about the rooms. After the afternoon of sewing and interesting conversation, the ladies enjoyed the service of dainty refreshments. The next meeting will be held the first Tuesday in June with Mrs. Will Trennepohl, who will be assisted by Mrs. Will Morgan and Mrs. Will Brown.

O. N. T. CLUB

Mrs. Anna Beachbard furnished a delightful afternoon for the members of the O. N. T. Club yesterday afternoon when she entertained them at her home in West Third street. Sewing and an interesting round of chat made the afternoon hours short ones. A dainty salad course was served near the close of the affair which was enjoyed by Mrs. Susan McCoglin, Mrs. Bowen, Mrs. George

Beautify Your Porch

The time has come when most people are moving out onto their porches. Your summer-living quarters should be just as cozy and beautiful as the rest of your home, and with that desire in mind, we have assembled many furnishings that will accomplish that purpose. A few new things placed advantageously, will work wonders

¶ We are showing a splendid variety of new designs in porch rugs. The colors are wonderful and the patterns are both neat and novel. There is a great range of sizes, allowing you to use the same design throughout. The showing also includes runners in varying widths.

¶ We are introducing a new line of porch shades—the Cliptwood—and we consider them as good as the best. They can be had in green or brown and in several widths. Also window awnings in several widths.

¶ Nothing adds more to the attractiveness of the porch than gorgeous cretons tastefully arranged. Style demands them, so use them profusely for chair covers, table runners, pillows, etc.

Roll Call and Secretary Report—Mrs. Esta Grubbs.

Offering.

Prayer—Mrs. Grace Winkler.

Bible Study—Mrs. Maud Oldham.

Easter Offering—Mrs. John Weisse.

Recitation—Helen Winkler.

Hidden answers, conducted by Mrs. Elsworth Kiser.

Light refreshments were served to the guests, among whom was Mrs. Frank Sample of this city. The next meeting of the society will be at the home of Mrs. Winkler.

C. W. B. M.

The meeting of the C. W. B. M. of the Main street Christian church held in the church parlors this afternoon was well attended, the excellent program which was given being greatly appreciated. It was given in the following order.

Bible Study—The Home in Hebron—Mrs. Robert Kennedy.

Prayer—Mrs. Alice Newhouse.

The Home Base Reaching Around the World.

Bible Chairs—Mrs. G. V. Conaway.

College of Missions—Mrs. W. A. Alexander.

India Sketch—Mrs. Ed Bell.

Duet—Miss Marie Clawson and Miss Mary Smith.

A short business meeting, presided over by Mrs. Roy Waggener, followed the program during which the Easter offering was received. A dainty refection was served by the ladies of the May division, which includes Mrs. J. J. Amos, Mrs. H. S. Carney, Mrs. W. A. Alexander, Mrs. R. H. Blount, Mrs. L. M. Amusements

The Gem will show the usual four reels tonight. Tomorrow, matinee and night the first episode of the great Pathe serial "The Iron Claw" will be shown. Pearl White is featured. The story of "The Iron Claw" opens on a beautiful island where was situated Enoch Golden's home. In his employ was Dr. Jules Legar, whose attentions to Mrs. Golden caused his employer much unrest. Golden accused his wife and sent her away. At his orders, in a jealous rage, Legar's hand is crushed off in a vice and then Legar provided himself with an iron claw, the significance of which Golden understood. And now Legar commenced to be avenged. He flooded the island and rescued Margery, Golden's daughter, and then ill-treated and abused her. She is then sent away to the underworld where she becomes acquainted with a character known as the "Laughing Mask." In addition to this picture

a comedy and three act drama will be shown, making in all a six reel program.

The Princess offers the eighth episode of "The Strange Case of Mary Page," for the first picture tonight. In addition to this Helen Holmes will be seen in the thrilling railway drama entitled "The Perilous Swing." The last picture is a comedy, "Freddy's Narrow Escape." William Dangman is featured. Tomorrow the three act drama "The Despoiler" and the one reel comedy, "Hughie the Process Server," with Hughie Mack and Flora Finch will be shown.

The Mystic will show the two act drama "Count Twenty" for the first picture tonight. Mary Malatesta, Ivan Christy and Joseph McDermott are featured. The second is a drama "The Broken Word." Herbert Prior is featured. The last is a comedy entitled "His Body Guard." Billie Reeves is shown in this one. Tomorrow, matinee and night the three act drama "As the Twig is Bent" will be shown.

Which Do You Prefer?

It is important for reasons of health and practical economy for every housekeeper to ask herself this question:

"Do I prefer a pure baking powder like Royal, made of cream of tartar derived from grapes, or am I willing to use a baking powder made of alum or phosphate, both derived from mineral sources?"

The names of the ingredients printed on the label show whether the kind you are now using or any brand, new or old, that may be offered is a genuine cream of tartar powder, or merely a phosphate or alum compound.

Royal Baking Powder contains no alum nor phosphate.

Methodists down in Maryland, ignoring the credited history of the church, held a celebration two years ago in honor of the 150th anniversary of the foundation of the oldest Methodist Church in the country, which they said was erected at Sam's Creek.

Here in New York, Methodists are preparing to celebrate in October this year the 150th anniversary of the John Street Methodist Episcopal Church, on which site they insist the first Methodist Church in the country was built. Their claim is backed by Church records and has official sanction of the General Conference, the Church's lawmaking body.

Philip Embury, a missionary, arrived in New York from Limerick, Ireland, in 1760. His following quickly grew. When this congregation outgrew its new home he began holding services in a sail loft in William Street. This was in 1767. One year later Embury had raised enough money to found a church on the site of the present John street Church. The present pastor is the Rev. L. R. Streeter.

Maryland Methodists claim that Robert Strawbridge sailed from Ireland two years before Embury and founded the first church at Sam's Creek fifteen miles from Baltimore. There is no officially approved record of this, but there was a church at Sam's Creek, which lasted a few years.

In 1912 the subject was brought up at General Conference meeting and a commission of seven clergymen appointed to solve the mystery. The meeting was held in Baltimore, and here enters politics.

"Seven representatives were invited from Southern churches to vote on the question," said the Rev. Carroll today.

"The Rev. Kelley, the Rev. Chadwick and myself refused to vote as the vote said the church founded at Sam's Creek was the oldest in America."

The board of bishops then requested that action of the commission be deferred until the meeting of the general conference this year.

This was ignored, and two years ago the Southern churches celebrated the sesqui-centennial at Sam's Creek.

The Rev. Carroll said there will be a minority report to the general conference objecting to the adoption of the report that the Maryland church is the oldest.

Meantime, the Rev. Streeter is busy getting ready for the sesqui-centennial celebration at the John Street church.

FARMERS URGED TO NAME PLACES

State Officials Wage Campaign to Have All Farms Given Title According to Law

REGISTRY FEE IS ONLY \$2.25

Action Taken by Legislature Protects the Name Any Farmer May Select

People who own farms and who are content to have their rural land known as "our place," or "my place" should look at that question in a different sense, according to state officials who are now waging a campaign throughout the state in an effort to have each farm named. Action taken by the legislature protects the names chosen by the property owners.

The law provides that any owner of a farm in the state of Indiana may have the name of his farm, together with a description of the lands, to which the name applies, recorded in a register kept for that purpose in the office of the county recorder. The cost of the registration is \$2.25 and the proper blanks can be obtained at the recorder's office. One of these blanks is a declaration of purpose and the other, the recorder's certificate that the name of the farm has been duly registered.

Names are usually selected distinctive of some characteristic of the place, but this is not always true nor is it always advisable on account of the perishable character of the features. The name should be significant of some characteristic of the place, a tribute to a person or memorial of some event or it may be chosen according to the dictates of fancy. The main thing is that it becomes so closely identified with the place that one immediately suggests the other.

The agricultural extension department of Purdue university has dedicated a bulletin to this movement which contains a list of names gathered from various sources. When a name is chosen it should be recorded immediately lest some other person select the same time.

DON'T TAKE A CHANCE

Rushville People Should Act in Time

If you suffer from backache; If you have headaches, dizzy spells; If the kidney secretions are irregular, Don't delay—likely your kidneys are sick.

Rushville people recommend Doan's Kidney Pills.

Here's a Rushville man's experience.

M. Conner, cigar mfg., 1001 N. Harrison St., Rushville, says "I had backaches and pains through my kidneys. My kidneys were irregular in action. Doan's Kidney Pills stopped the pain in my back and regulated the kidney action."

The above statement was given on July 22, 1912, and on Aug. 25, 1915. Mr. Conner said: "I haven't had occasion to use Doan's Kidney Pills since giving my former endorsement, telling what they did for me. I believe the cure is permanent."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Conner has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement)

REAL ESTATE SALE

CITY RESIDENCE 388.58 ACRES

The undersigned commissioners appointed in an action for partition of the real estate of Daniel Brown, late of Rush County, Indiana, deceased, wherein Dean Travis is plaintiff and John M. Brown et al are defendants, to sell the real estate described in the complaint in said cause filed in the Rush Circuit Court, will on

Saturday, June 3d, 1916

at one o'clock p. m. of said day and from day to day thereafter until sold, offer for sale to the highest and best bidder, the following described real estate in said county of Rush, State of Indiana, to-wit: The southwest quarter of Section 10; also the south half of the northwest quarter of said Section 10; also the southeast quarter of said Section 10, except the following tract: beginning at the northwest corner of the said southeast quarter of said Section 10, thence south 25 poles, thence east 160 poles to the east line of said Section, thence north 25 poles to the northeast corner of said quarter, thence west on the north line of said quarter to the place of beginning; all of said real estate being in Township 13 north, Range 9 east and containing 388.58 acres. Also Lot No. 276 in Payne, Reeve and Allen as trustees addition to the city of Rushville.

At the law office of Sam. L. Trabue, Rushville, Ind.

This real estate consists of residence property at 820 W. Eighth St., Rushville, Indiana, and 388.58 acres of exceptionally good, level, agricultural land, sufficiently undulating for excellent drainage, which is provided by two large tile drains crossing each tract, and sufficient laterals. It is equipped with two complete sets of farm buildings, is well fenced and is supplied with excellent water by eight wells, three being deep water wells. This is burr oak, poplar and sugar tree land, and is very productive of all kinds of grain and grasses. It is all under a high state of cultivation except about 35 acres of woodland, part of which is on each tract and part of which is well set in blue-grass. By judicious crop rotation, clover growing and fertilization this land has retained a very high degree of fertility, as is evidenced by the fact that administrator's sale amounted to \$15,500.00 in addition to grain feed and a \$2,500.00 wheat crop. There are 2 first class orchards of leading fruits—one young and the other full bearing; also all kinds of small fruits. No open drains. No waste land whatever. This land is located 4½ miles southwest of Rushville on first class highway, in active producing natural gas belt, convenient to church and schools and near a high tension electric supply line from which power and light may be obtained. Community highly intellectual and progressive. Will be sold in tracts ranging from 81 acres to 140 acres or all together.

TERMS—One-third cash, one-third in 12 months and one-third in 18 months with option of paying all cash. Deferred payments to be evidenced by purchasers note bearing 6 per cent per annum interest from date and secured by first mortgage upon the real estate sold.

TWO EXHIBITS ARE OF INTEREST

Display of Military Branches of Government on "Safety First" Special Timely.

LEFT WASHINGTON MAY 1

Navy and Army Have Special Exhibits to Demonstrate How Country is Defended.

Washington, May 3.—With the present interest that is being taken by the people in national preparedness, the exhibits of the two military branches of the Federal government on the "Safety First" Special, which started from Washington Monday, on a tour of the country, promises to attract much popular attention. Both the Navy Department and the War Department have cars devoted exclusively to displays of apparatus and models of apparatus used by these departments. These give the citizens of the country a glimpse of the manner in which Uncle Sam is prepared to deal with emergencies that may arise. The Navy Department shows models of the great guns that are on the battleships and will have men from the navy to explain their workings. There is a modern machine gun, similar to those now being used in the European war, and also a rapid fire Hotchkiss gun, of a type formerly used by the Navy. A six-pound gun of the latest design used on ships also is exhibited. Exact models of the pre-dreadnaught Vermont and the commerce raider Columbia also is shown. The latter is an example of an obsolete type, the scout cruisers now taking their place.

Perhaps the greatest interest in the Navy exhibit will be centered in a torpedo, the type of instrument that has caused so much death and destruction in the European war. The Navy men on the car will explain that each torpedo costs from \$4,000 to \$8,000 and that many of them are used in warfare. The Navy has obtained from one of its submarines a portable wireless outfit which is to be carried with the car and will be in working order at all stopping places. Messages will be received and sent daily and the visitors will be permitted to witness the station under actual working conditions.

The Weather Bureau, Department of Agriculture, has installed on its car a mammoth weather map, which each day will set forth the prevailing weather conditions throughout the country, including the temperature, rainfall and storm conditions. The bureau receives the forecasts from the Washington office every day and the map is corrected accordingly. The powerful Arlington

wireless apparatus at Washington twice daily sends out the weather forecast with special storm warnings, and arrangements are made to have the Navy Department wireless catch these reports to be displayed on the traveling-weather map. It is claimed by the Weather Bureau that the storm and flood warning given out at various times have saved to the citizens of the country millions of dollars of property and thousands of human lives.

The great lesson of sanitation as a preventative of disease is illustrated in many ways by the Public Health Service. This service is the deadly enemy of the rat, which is considered one of the most prolific carriers of dread disease, and will show the visitors how houses and stables can be built so as to exclude the plague rodents. It is said that the Public Health Service is responsible for saving the country from an epidemic of yellow fever by reason of its heroic work in driving the rat out of New Orleans.

In addition to these displays there are exhibits of the lifesaving apparatus of the Bureau of Mines, Department of the Interior; the Coast Guard Service, Treasury Department; and of the Forest Service, Department of Agriculture; and also special exhibits of the home-making work of the Reclamation Service, and the Indian Office, the Department of the interior.

EXPECTS NO ENDORSEMENT

Harmony Prevails at Michigan G. O. P. Convention.

(By United Press.)

Lansing, Mich., May 3.—Harmony prevailed today with the assembling of 1,472 delegates to the Republican state convention here. The pre-arranged program was expected to go through without a hitch.

The convention business consisted only of the election of four delegates-at-large to the Chicago convention, election of a new state central committee and 15 presidential electors.

Any attempt to obtain the convention's endorsement of any one of the half dozen gubernatorial candidates, it was thought, would be defeated.

LODGE HONORS AGED MEMBER

Theodore Abercrombie, Sixty Years
an Odd Fellow, Paid Tribute
by Franklin Lodge

MANY VISITORS ARE PRESENT

Observance of Ninety-Seventh Anni-
versary of Founding of Lodge
Combined in Celebration

Approximately three hundred Odd
Fellows, many of them from other
Indiana cities, saw Theodore Aber-
crombie, the oldest Odd Fellow in
Rush county, honored on the anni-
versary of his sixtieth year of mem-
bership in the order and also wit-
nessed the third degree given by the
crack team of Franklin lodge No.
35 on the class named after Mr. Aber-
crombie. The event was also to
observe the ninety-seventh anni-
versary of the founding of the Odd
Fellows lodge, which in reality is
April 26, but the celebration was
postponed and combined with the
Abercrombie celebration.

There were visitors here from
Anderson, Connersville, Brookville,
Greensburg, Shelbyville, Indianapolis
and all surrounding lodges in the
county and in nearby counties. Ed-
win Farrer of Indianapolis, a past
grand master of Franklin lodge and
H. K. Landis of Indianapolis, com-
mander of the Patriarch Militant
branch of the order, were among the
distinguished guests present, in ad-
dition to the grand master, Jesse
McBeth of Fort Wayne, who took
part in the ceremony, and Judge
Charles J. Orbison of Indianapolis
who delivered the principal address.

Judge Orbison spoke on the sub-
ject, "The Good Samaritan," and his
talk was pronounced among the best
ever heard by local Odd Fellows.
Judge Orbison is a great favorite
among the Odd Fellows here. He de-
livered the main address when the
present lodge home was dedicated.

The ceremony incident to the pre-
sentation of the Veteran Jewel to
Theodore Abercrombie began about
eight-thirty o'clock. The presenta-
tion speech was made by the grand
master and Mr. Abercrombie was
visibly affected by the honor paid
him.

The jewel is described as a beau-
tiful peace of work. The main piece
of it is a globe on a huge mounting
and just above the globe are the
numbers "60," in chipped diamonds,
signifying the number of years he
has been an Odd Fellow. Veteran
Jewels may be presented by the
lodge to members any time after
thirty years of membership.

There were forty-eight members
of the Theodore Abercrombie class,

DISCUSSES THE MINISTRY

The Rev. C. M. Yocum Gives One of
Series of Vocational Talks

The Rev. C. M. Yocum, pastor of
the Main Street Christian church,
delivered one of the series of voca-
tional guidance talks that are being
offered the high school by local
people, this morning, discussing the
ministry. He made an eloquent ap-
peal for the entrance of young men
into that profession and talked of
the qualifications necessary. The
pupils were very much impressed by
the local minister. Dr. J. C. Sexton,
who has previously given one of the
series, was present to hear the Rev.
Mr. Yocum speak.

UNIFORM RANK TO ACT AS HOSTS HERE

Will Entertain First and Third Reg-
iments at Annual Memorial of
Latter June 4.

A PARADE AND EXERCISES

The Uniform Rank, Knights of
Pythias, will hold a meeting tomor-
row night especially for the purpose
of making preparatory plans of the
entertainment of the First and
Third regiments of Uniform Rank in
this city on the first Sunday in June,
the fourth, at the annual memorial
services and review of the Third
regiment. The First regiment will be
guests.

A large crowd of uniformed men
estimated at between 250 and 300
will be here for the occasion, which
will be one of the biggest things in
lodge circles for Rushville in many
months. General Gray of Covington,
commanding the Indiana brigade of
U. R. K. of P., has consented to be
present with his staff and review the
parade. Col. Frank Shellhouse of
Indianapolis will be here with the
First, which is composed of com-
panies in and around Indianapolis.
Captain Will Johnson of Seymour
will inspect the companies of the
third. James E. Watson has been
invited to make the principal address
at the exercises at the ball park in
the afternoon. A parade will be
made over the brick street section of
the city.

The local subordinate lodge will
participate and has invited the sub-
ordinate lodges of surrounding
cities.

SET TIME FOR RECEIVING BIDS

City Council Will Award Contract
For Oiling on May 26 if Es-
timates Aren't Too High

SURE TO BE 50 PER CENT MORE

Petition is Presented to Pave Alley
East of Main Between Fifth
And Sixth Streets

A petition was presented to the
council last night for the paving of
the alley east of Main street run-
ning between Fifth and Sixth street.
The petition asks that the alley be
paved with concrete and was signed
by four of the abutting property
owners. The council instructed the
city engineer to draw up the plans
and specifications and these will be
presented at the next meeting. The
paving of an alley takes the same
course as a street improvement and
the property owners opposed to the
paving will be given a chance to re-
monstrate.

A petition was also presented to
the council asking for permission to
construct cement sidewalks, curb
and gutter on the west side of North
Main street between Twelfth and
Thirteenth streets. The petition was
signed by John and Theodore Aber-
crombie and was referred to the
street and alley committee.

Some residents of East Fifth
street called the attention of the
council to the condition of some of
the sidewalks in that section and
asked that they be made to conform
with the city ordinance. It is un-
derstood that the walks in question
are too low and that they are cov-
ered with dirt most of the time.
The petition was referred to the
street and alley committee.

The council set May 26 as the
time for receiving bids for the street
oiling. The council has intimated
that the bids may be turned down if
they are considered too high, al-
though it is expected that the price
will be almost 50 per cent higher
than last year. The cost of oil is
said to have increased.

The report of Engineer Dill on the
improvement of Eleventh street was
rejected by the council, because the
report failed to show the prelimi-
nary expense to the property owners.
The work is completed and the fail-
ure to make the report correctly
held up the contractor from getting
his money. The improvement was
for sidewalks in the Stewart and
Tompkins addition.

Because of the numerous special
sessions business before the council
was very light. The water question
was again discussed but no definite
action taken.

A large number of persons neg-
lected to pay assessments for city
improvements. Monday was the final
day. These can now be paid for a
period of thirty days with a penalty
of ten per cent added. After this
period City Treasurer Stech will
turn the list over to the county au-
ditor to be placed on the tax dupli-
cate.

HERON IS FOUND HERE

While feeding the chickens to-
day Mrs. Bruce Beck noticed
an odd looking bird with them,
which has since been thought
to be a heron. It is now on ex-
hibition in the show window of
the Mauzy Company. By some
it is thought to have been in-
jured in a storm and blown this
way by a west wind, being un-
able to fly. The heron is a bird
living in marsh countries. This
is a young bird.

THREE IRISH REBELS SHOT

Trio Who Signed Proclamation An-
nouncing Formation of Repub-
lic, One Unnamed, Executed

THREE OTHERS IMPRISONED

Secretary Birrell, Blamed For Re-
bellion Because of Lax Treat-
ment, Resigns

(By United Press.)
London, May 3.—Peter Pearse
president of the seven-day Irish re-
public, James O'Connell, command-
er of the army of the Irish repub-
lic, and a third man whose name
was not given were found guilty by
court martial and shot to death this
morning.

Their execution was announced in
the house of commons this after-
noon by Premier Asquith.

A moment later announcement
was made that Chief Secretary for
Ireland, Augustine Birrell, the man
held largely responsible for the Irish
outbreak, had resigned from the
British cabinet.

Premier Asquith stated that all
three of the rebel leaders executed
this morning had signed the procla-
mation of a new Irish republic is-
sued by the rebels at the beginning
of the Dublin outbreak. This state-
ment eliminated the possibility that
Sir Roger Casement, awaiting trial
in the tower of London for the part
he played in the conspiracy, was the
third unnamed man shot to death.
Casement's name was not attached
to the proclamation.

Three other signers of the procla-
mation were sentenced to three
years imprisonment east.

The swiftness with which the gov-
ernment acted came with some
surprise to parliament. No previous
announcement had been made that
a court martial would be held this
week to deal with the rebels brought
to England.

On the other hand the resignation
of Birrell caused no surprise. Rum-
ors were in circulation about the
lobbies of the house of commons
last night that the chief secretary
already had tendered his resignation
after heavy fire from the news-
papers and the public on the charge
that his lax treatment of the Sinn
Feiners had encouraged them to re-
volt. Birrell was virtually forced out
of the cabinet while a motion was
pending in parliament, calling upon
him to resign.

PLAY WELL RECEIVED

The high school play "The Follies
of Manilla High School" presented
last night at Manilla attracted a
crowded house and made a decided
hit. The play was well received.
About \$75 was cleared on the play
which will be expended on electric
light fixtures for the auditorium.
Several from this city attended.

SKEETERS ARE ACTIVE

New York, May 3.—An army
of more than a million mosqui-
toes today invaded the schools
of New York, New Jersey and
Connecticut. This is anti-mos-
quito week in the three states
and the skeeters were bottled
alive in glass jars for the pur-
pose of experiment and demon-
stration in the public schools.
It is hoped in this manner to
familiarize the pupils with the
requirements, habits and offen-
sive equipment of the mosquito,
that he may be properly and
forever squelched. The boys
and girls will do battle with the
pests all this week.

Ambassador Gerard Probably Will

(By United Press.)
Berlin, May 3.—It is expected that
the German reply to the American
note will be delivered to Ambassador
Gerard tomorrow morning.

Though the German reply as ex-
clusively stated by the United Press
yesterday, has been completed, it
was not quite ready for the cable at
noon today though it may go for-
ward with no more alterations.

DELINQUENCY IS BELIEVED LOWER

Figures Available Today Reveal
Only \$13,540.77 on Tax Dupli-
cates Uncollected

TOTAL SUM PAID \$298,446.73

Figures available at the treasur-
er's office today showed that the
total amount of taxes collected dur-
ing the spring payment season
amounted to \$298,446.73 out of a
possible \$311,987.50 on the dupli-
cate. The delinquency of \$13,540.77
compares favorably with former
years and is believed to be slightly
lower.

Monday, the final day for paying
taxes, was an exceedingly busy one
at the treasurer's office and while
more people were waited on than
during any other one day, the
amount collected did not come up to
expectations. The office force wait-
ed on a total of 711 people and col-
lected \$19,849.97. Tax paying this
year was made easier by paying by
check. The treasurer's office urged
this method of paying taxes and a
large number of persons never even
visited the office to pay.

NUMBER OF SCHOOL CHILDREN LARGER

Enumeration in City Increases by
Fifty Compared to Last Year,
Showing Approximately 1,350

COUNTY REPORTS NOT ALL IN

Figures on the school enumeration
for the city of Rushville show a
substantial gain over last year. The
total number of children shown by
this year's enumeration, not includ-
ing wards of the Rush circuit court,
is 1,325 as compared with 1,298 for
last year.

The total of 1,298 for last year
included 21 wards of the court and
this number is expected to be even
greater this year, bringing the total
number of children of school age in
the city close to the 1,350 mark.
The enumeration shows a total of
1,264 white children divided as fol-
lows: males, 633 and females 631.
The colored school children total 61
and are divided as follows: 35 males
and 26 females. In both divisions
the number of boys exceeds the
girls. The local school board is
elated over the showing.

Superintendent George has re-
ceived all but four of the reports
from the township trustees on the
enumeration. The reports were due
last Monday.

George Todd and Rice Bishop,
using the Fred Caldwell truck moved
the furniture of Joe Stern to Cin-
cinnati today.

EXPEDITION TO STAY IN MEXICO

Carranzistas Will Not Interfere
With U. S. Troops, Accord-
ing to an Agreement Reached

ALSO ALLOW USE OF ROAD

Chief of Staff Scott Reported to
Have Set 60-Day Limit of Oc-
cupation of Chihuahua

(By United Press.)

El Paso, Texas, May 3.—The
American expedition will remain in
Mexico without interference from
Carranzista troops, according to an
agreement reached at midnight by
Chief of Staff Scott and Carranza
war minister, Obregon after a con-
ference lasting nearly twelve hours.

Obregon has granted permission
for the expedition to have full use
of the Mexico Northwestern railroad
in transporting supplies and men and
has promised to co-operate "as fully
as possible" with General Pershing's
forces, it was said on reliable auth-
ority. In return, Scott was unoffi-
cially reported to have set a sixty-
day limit on the presence of the
Americans in Chihuahua.

Scott's concessions, if any were
made, were not definitely known,
however.

The conclusion will not become
effective, according to the under-
standing around the conference
room, until ratified by the respec-
tive government of the conferees.

The agreement was reached after
a conference beginning at noon
yesterday in the hotel Del Norte.
Obregon and Scott emerged smiling
from the conference room, both re-
fusing to indicate the outcome of the
session. In a statement issued ear-
lier in the evening they had stated
jointly that "negotiations now in
progress probably will result to the
satisfaction of all concerned."

General Funston was eliminated
from the meeting. This was obvious,
though no official intimation of ob-
jections to his presence was given
out. Funston strolled about the
hotel during the meeting.

Funston is persistently reported to
have clashed with Obregon during
the first conference held in Juarez
over the war minister's contention
for the expedition's withdrawal and
the Carranzista ability to control the
situation.

MILLER MAY RECOVER

Word received today from India-
napolis was that Harold Miller, for-
merly of this city and son of Wil-
liam Miller, who was crushed in an
elevator Monday and thought to be
fatally injured, would more than
likely recover. One of his arms was
amputated.

The Housekeeper's Story

Here are the exact words of
an experienced housekeeper—
"The goods I buy continually
are those that are advertised
widely and attractively in my
favorite newspaper. I want no
better guarantee than continued
advertising. When I see goods
persistently advertised in a re-
liable newspaper I am certain
they are reliable—for I know
that a firm is not going to
spend large sums advertising a
product unless that product
has merit."

This statement proves that it
is mighty poor policy for mer-
chants to attempt to sell to
good customers any unknown,
non-advertised goods which
are guaranteed neither by the
merchant nor by the manu-
facturer.

Small Boy, On Way Here, Causes Turmoil By Telling Police A Fib

A lost boy story that perplexed
the Indianapolis police was solved
last night, according to Indianapolis
newspapers, when John Lee Ander-
son, age ten years, son of Mr. and
Mrs. Charles Bebout, who are mov-
ing from Anderson to near Gings,
told the true story of the cause
for him being lost in Indianapolis.

The first tale he related to the
police, according to Indianapolis
dispatches yesterday, was that he
was from Flatrock and that his
mother had left him while they were
on the street together. Later it de-
veloped that his present home was
at Gings, this county.

The boy's first story was that he
arrived in Indianapolis with his

mother Monday noon. He said they
visited a motion picture show and in
some manner became separated.
John had 5 cents and he used it to
ride to the home of an aunt in
Brightwood, expecting to find his
mother there. When she did not
arrive in a short time he walked
back to the downtown district.

A policeman found the little fel-
low who was tired by his long walk
and worried because his mother had
not been found. He was taken to In-
dianapolis police headquarters about
time for roll call.

The sight of so many men in blue
uniforms scared him and he would
neither eat nor sleep for a long

Quality First

WHY I HAVE HUNG THE CHALMERS MONOGRAM OVER MY DOOR

I made up my mind to give you people the biggest possible automobile value for your money.

I studied the situation from every angle.

When I decided to hang the Chalmers Monogram over my door, I did so for salient, rock-ribbed reasons.

I am convinced that Chalmers cars combine big value and sensible price.

Hugh Chalmers does not make them merely to sell—but to stay sold.

Some automobile factories build their own frames, but buy their engines elsewhere in job lots. They are not factories at all—just big assembly plants.

But the Chalmers car is built entirely in the Chalmers plant—from rough casting to final assembly.

The great Chalmers plant comprises twenty-two great, clean, sunny buildings.

If you ever get into Detroit, visit the Chalmers factory.

In the chassis assembly room you will hear a din like the rivet hammers of twenty skyscrapers crashing in concert—the compressed-air hammer squad riveting Chalmers chassis.

In the physical testing laboratory, you will see up-to-date instruments of torture ingeniously designed to crush, twist, stretch, and bend iron and steel. Here all raw material that goes into the Chalmers car must first receive unqualified O. K.

Samples of every shipment of steel, iron, bronze, and aluminum must be found perfect by Chalmers chemists. Their laboratory is the best equipped in the whole motor industry.

You'll see the great forge and foundry. There are more drop forgings—remember—in the Chalmers car than in any other car in its price class.

The enormous fender press, which cost \$90,000, turns out a graceful Chalmers molded fender with every 175-ton blow.

Automatic milling machines bore and grind Chalmers cylinders—accurate to 1-1000 of an inch.

In the Chalmers heat-treat inferno, the roar and smoke of thirty furnaces suggest Vesuvius at bat—batting 1000 per cent.

Everywhere you'll see inspectors—alert, all eyes, fingers, measurement—insisting on deadly accuracy—armed with micrometer, with scleroscope; 226 inspectors all told; and inspection alone costs the Chalmers company over \$300,000 every year.

Every Chalmers car I sell ties up with the great Chalmers organization, year after year, by virtue of the highly developed Chalmers Service.

There is nothing vague about Chalmers Service.

Its universal coupon system provides for 100 half-hours of free inspection service every year, negotiable at any Chalmers dealer in the country.

That's the reason why I paid cold cash for a generous quota of these magnificent cars.

STRIKE MOVEMENT GAINS STRENGTH

Shortly After Noon Today Large Body of Pittsburgh Strikers Start Towards Braddock

MILITIA HURRIED TO PLACE

(By United Press.)
Pittsburgh, May 3.—While the flower of the state militia marched into the Westinghouse strike zone at 9 a. m. today to preserve order, the movement of 100,000 munitions workers for an eight-hour day gained strength.
Several thousand employees of the big McKees Rocks plant of the Pressed Steel Car company walked out, tying up the works. A general strike of the 12,000 employees before nightfall was in prospect.
Shortly after noon large bodies of strikers, the most of them foreigners, began a movement toward Braddock. The governor's troops were immediately advised and prepared to meet them at once.
Before nightfall several more troops of cavalry will be in the strike zone. Strike leaders preached to the men out of the plant today. The first bulletin at strike headquarters contained this sentence:
"Brothers, if you don't intend doing needful picket duty, stay at home."
Eight hundred strikers met in East Pittsburgh quarters and passed resolutions calling upon Patrick Gilroy of the state bureau of mediate and conciliation to urge the employers and the men to arbitrate their differences.

EAT DEER MEAT

St. Paul, Minn., May 3.—Beef has become dear meat and Minnesota officials would meet the situation with deer meat.
W. T. Cox, state forester, would have Minnesota farmers raise deer to bust the beef trust. He says it would be no trouble at all to raise deer for venison. They are self supporting, grazing on even the poorest land. They rapidly increase, each doe bearing two fawns annually. They mature in half the time steers require he says.

DUES ARE BOOSTED

Chicago, May 3.—Financial stringency in the affairs of the Western Lawn Tennis association today caused that body to boost annual dues of all clubs in the association from five to ten dollars, effective May 1, 1917. New clubs joining now will have to pay ten dollars.
Said Secretary John Meely: "Last season with 20 clubs the association had \$35 left to spend for tournaments." The association now has a membership of 32 clubs.

Pay Telephone Toll

Don't overlook to pay your telephone toll before May 12 if you wish to avoid paying the 15 cents extra for collection. No notice will be given by telephone.

War Demonstrates It.

Laborers in the hundreds of mills in this country which are engaged in supplying the European belligerents with munitions of war, handling sub-contracts, or indirectly benefiting from the abnormal conditions caused by the European holocaust, are getting a concrete example of what it means to their pay envelopes if the mills in which they labor are running at full time, full capacity. Wages were never so high in our history.

The Democratic theory, as expounded by Mr. Underwood in presenting his law to Congress, was to provide rates of duty so low that they would encourage the importation of foreign-made goods made in extent which would cause active competition with goods made in America. These increased importations were expected to yield increased revenues even at the lower duties. Underwood's desire was to split our domestic market "fifty-fifty" between American and foreign producers.

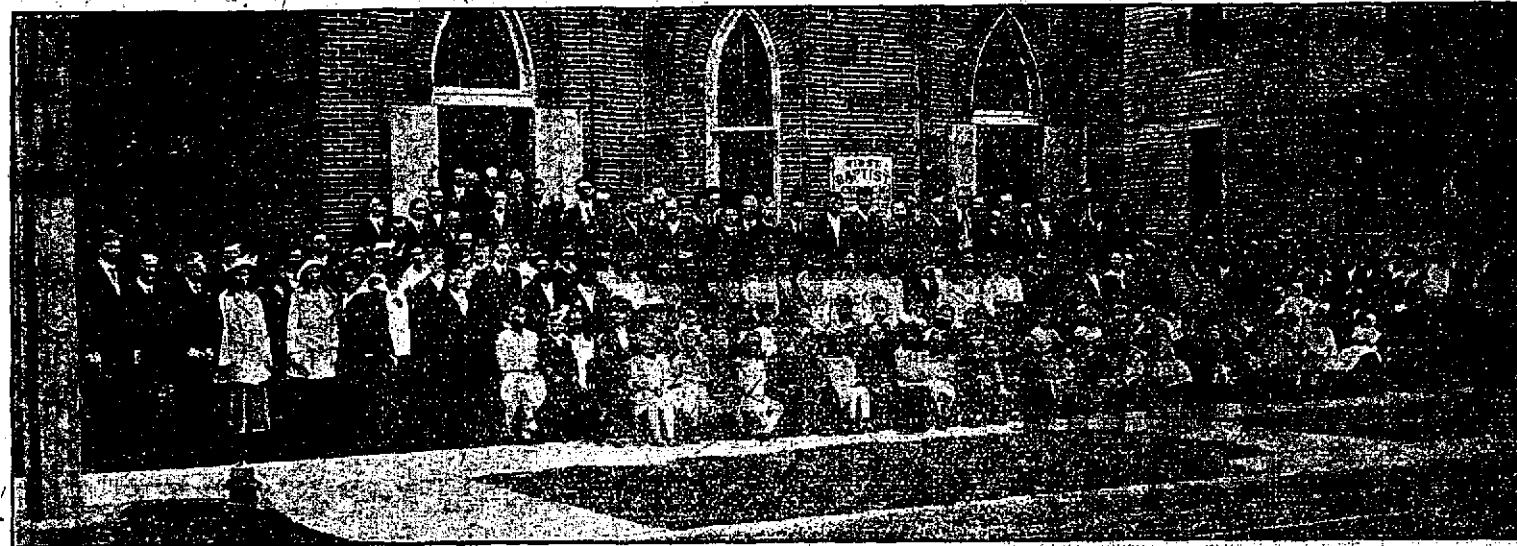

The Underwood idea became a part a condition and not a theory very shortly after the passage of the Democratic law, and imports for consumption (according to Secretary Redfield's figures) increased during the period October 3, 1913 to June 30, 1914, (nine months) \$145,000,000 over the record for the period October 1, 1912, to June 30, 1913, under the Republican tariff law, or at the rate of over \$16,000,000 a month. But the ratio of duties to imports had been so reduced by the Democratic law that in spite of the huge increase in the volume of imports the revenues declined so alarmingly that Secretary of the Treasury McAdoo was prompted to befuddle the public by devising an entirely new system of accounting, and no sooner did the war break out than the Democrats seized upon that opportunity to saddle us with a "war tax" to hide the deficiencies of their tariff law.

The Republican policy of protection is designed to give our manufacturers first consideration in our home market. If the foreigners wish to enter our market they must pay rates of duty measured by the difference between the very low wages paid by them to labor and the wages we pay to our workmen. That they are willing to do this to a reasonable extent is proved by the fact that Republican tariff laws, without injuring American industries and putting laboring men out of employment, have been uniformly adequate revenue producers. They have given our workmen jobs and have not subtracted from their pay-checks by levying direct taxes.

The Democratic argument of "goods for goods" is unsound under the prevailing differences in labor costs. Let the foreigners take our goods and balance the account with cash. The man who sells groceries may pay out part of his net profits for clothes, rent, etc., but he would be a poor business man who could not make his business credit him with a bank account. If American manufacturers can be assured of the home market they can proceed confidently to the conquest of foreign markets. This means that they can keep the mills going, at full blast, keep labor continuously employed and the resulting higher efficiency will mean better wages and bigger dividends, and thousands of small stockholders should appreciate this.

If running at full capacity results in the piling up of a surplus, let our manufacturers sell it abroad, at reduced prices, if necessary to capture foreign trade. It will hurt nobody but our competitors, and trade has not yet reached the philanthropic stage. When commercial war and actual war have ceased we will dis-time is not yet. Biding the arrival of that Utopian period it will be good horse sense to have a party in power which will protect American industries and uphold American hon-

First Baptist Sunday School More Than Doubled Attendance In Two Years

FIRST BAPTIST SUNDAY SCHOOL

The above is a picture of The First Baptist Sunday School of which James W. Gartin is superintendent. It was taken Easter Sunday. There were one hundred and eighty-one in attendance. The membership of the church is one hundred

and sixty. There was an attendance at the Sunday School on above date was twenty-one above its church membership. The average attendance of the school the past four months which include January, February and March, the hardest

months in the year for Sunday School work, was one hundred five, and the average weekly offering four dollars and twenty cents or exactly four cents per member. During the past two years the school has more than doubled in attendance and al-

most doubled its contributions.

The school is greatly hampered in its work and larger development at present for lack of room in which to carry forward its work. It anxiously awaits the erection of the new modern building which the church now has under way.

or, and that party is most emphatically not the Democratic party. The wise workmen will look to the future and vote the Republican ticket this fall.

Cut prices and substitution are twins. The store that sells a trademarked article at a loss must increase its profits on anonymous goods to stay in business. It is clear that a certain average of profits must be maintained or a merchant will become bankrupt. The Stephens standard price bill, which is now before congress, is designed to enable a child to buy as safely as a mature person. When producers are able to sell their goods at uniform prices they will, from business prudence, keep up the quality and the customer who asks for an article by name will know just what he is getting.

With all of the talk about birds that was set loose on this community last week, no one explained why, "robins sing for rain."

Setting the clock back will not save that wasted hour, Harold.

Current Comments

Our Answer to Mexico.
(South Bend Tribune.)

The best answer that could be made, in our judgment, to the demand that the American troops be withdrawn from Mexico would be to mobilize the national guard immediately on the Rio Grande and send the regulars now guarding the border down into Mexico to strengthen the American lines already established.

Carraza might gather from that that we intend to carry out our purpose in Mexico with his permission if he has sense enough to grant it and work with us, or without it. Which course shall be taken will depend upon the Mexicans only. If that mobilization fails to impress the de facto government, then intervention must follow, much as we dislike it. In such an event there will be no stain on our banner.

Should congress immediately order the president to call for 500,000 volunteers for service in Mexico, the answer would be notice to the world that American patience can be exhausted and that we are not too proud to fight if driven to it. We venture to hold the belief also that the mobilization of half a million men would have a tremendous effect upon European nations which now so flagrantly disregard our rights and the rights of neutrals generally.

BLACKSMITH HURT

Clarence Brooks, Williamstown blacksmith, was painfully injured yesterday when a horse he was shoeing frightened at an automobile and lunged forward, knocking Brooks down and stepping on his hand. It was severely mashed and lacerated by the nails in the horse's shoe.

HUNDRED LEADING HOOSIERS

William H. English (1811-1896)

William H. English, one of Indiana's foremost sons, and for many years a figure of national prominence, was born in Scott county August 27, 1822. He was largely self-educated, studied law and entered politics at an early age. While still in his twentieth year he was sent as a Scott county delegate to the state democratic convention.

English took the stump for James K. Polk in 1844 and was later given a position in the treasury at Washington. He was a member of the legislature in 1851 and 1855. Upon the resignation of the speaker, English was elected to that position. For ten years he was a member of congress and championed the popular sovereignty idea in regard to slavery. He declined several appointments tendered him by Presidents Buchanan and Johnson.

The democrats drafted him as their candidate for vice-president in 1880, but he was defeated with his party. The later years of his life were given to the management of extensive business interests. For fourteen years he was president of the First National bank at Indianapolis, and held large interests in the Indianapolis street railway system. English gained considerable fame as a writer and his "Conquest of the Northwest" is a standard work. He died on February 27, 1896.

Joseph McDonald (1819-1891.)

One of the greatest constitutional lawyers of his day was Joseph E. McDonald. His practice extended from Washington, D. C., to the Mississippi river and few men have handled as many cases of national importance as did Senator McDonald. He was born in Butler county, Ohio on August 20, 1819.

When he was seven years of age his parents moved to Indiana. Young McDonald learned the saddlers trade which he followed for six years. He attended Wabash college for two years, DePauw University for one term and then taught for a year. After being admitted to the bar he served several terms as prosecuting attorney for Montgomery county and in 1849 was elected to congress.

In 1856 McDonald was elected attorney general for Indiana. Three years later he moved to Indianapolis. In 1864 he was the democratic nominee for governor but was defeated by Morton. In 1875 he was elected to the United States senate and became a power in that body. He was chairman of the committee on public laws; a member of the judiciary and other committees. In 1880 he came within a few votes of being named the democratic candidate for president and again in 1884 was Indiana's choice for this position.

He died on June 21, 1891.

Amusements

The big event for which the youngsters and grownups have been impatiently waiting is drawing near, for on Tuesday, May 11, Ringling Brothers' circus is to exhibit afternoon and night in Indianapolis.

Expectancy never ran so high before and it is likely that this district will send a large delegation to feed the elephants. Unusual interest centers around the gigantic spectacle, "Cinderella," with which the famous showmen are this season opening their wonderful main tent program. "Cinderella" is probably the best loved of all fairy tales and to see it produced with more than 100 persons, hundreds of dancing girls and glorious pageants, indeed gives promise of making "childhood's golden dreams come true." In the same great tent, will come the marvelous circus numbers in which 400 men and women performers, scores of trained animals and a galaxy of special features are introduced. The majority of the acts are entirely new to America, the Ringling Bros. having secured the pick of those European performers who have been obliged to seek engagements in this country because of the war. The all-new street parade will take place show day morning.

RECOVERY OF NEW JERSEY WOMAN

Due To Lydia E. Pinkham's Vegetable Compound.

Bridgeton, N.J.—"I cannot speak too highly of Lydia E. Pinkham's Vegetable Compound for inflammation and other weaknesses. I was very irregular and would have terrible pains so that I could hardly take a step. Sometimes I would be so miserable that I could not sweep a room. I doctored part of the time but felt no change. I later took Lydia E. Pinkham's Vegetable Compound and felt a change for the better after the second day. I took it until I was in a good healthy condition. I recommend the Pinkham remedies to all women as I have used them with good results."—Mrs. MILFORD T. CUMMINGS, 24 New Street, Bridgeton, N. J.
Such testimony should be accepted by all women as convincing evidence of the excellence of Lydia E. Pinkham's Vegetable Compound as a remedy for the distressing ills of women such as displacements, inflammation, ulceration, backache, painful periods, nervousness and kindred ailments.

Although the third degree team members are not saying much, they have high hopes of going to Chattanooga to compete for the prize. The expense would be heavy, but it is said that J. T. WILLIAM A. COWGER REMOVED BY COURT

Fred McFatridge Appointed Guardian of Elmer C. Cowger and Bond is Fixed at \$2,000

DEMURRER IS OVERRULED

Judge Sparks today removed William A. Cowger as guardian of Elmer C. Cowger and appointed Fred McFatridge. Mr. McFatridge's bond of \$2,000 was approved by the court. The suit was brought by Oliver M. Offutt and the evidence was heard yesterday. The complaint alleged that Mr. Cowger was not capable of holding the trust.

The suit of Arsula Curry against Walter E. Smith, for money had and received was sent to Hancock when the court granted the motion for a change of venue.

Judge Sparks overruled a demurrer to the complaint in the suit attempting to remove Oscar Stewart as administrator of the estate of the late Riley Stewart. The case will now come to trial on the original issue. It is maintained that Oscar Stewart should be removed as administrator because he is the administrator of the estate of his mother and holds an interest in both estates.

COUNTY POCKETS ARE FULL OF CASH

Probably Has More Money to Its Account Right Now Than Ever Before in Its History

TOTALS MORE THAN \$400,000

Deposits Amount to \$389,423.19 and Cash on Hand Raises Sum \$23,000 More

Rush county probably had more money to its credit in the banks and on hand at the close of the spring period for paying taxes than ever before in the history of the county. The deposits in the banks amounted to \$389,423.19 at the close of business April 29 and in addition to this sum the treasurer's office had on hands the sum of \$23,000, bringing the total up to over \$400,000.

One reason for the increase in finances is that the tax rate is generally higher. The sum of \$400,000 will remain for only a short time as it will be distributed by the first of next month. The settlement with the state will be made out of this sum and the balance will be distributed to the various township and county funds.

The amounts on deposit in the various banks and trust companies at the close of business April 29 were as follows:

Rush Co. National	\$81,811.82
Rushville National	71,445.24
Peoples National	63,116.63
Peoples Loan & Trust	24,217.59
Farmers Trust	24,955.71

Milroy bank	18,336.61
Mays bank	13,570.77
Falmouth bank	5,542.47
Glenwood bank	12,901.73

Total \$389,423.19

The interest received from these deposits amounted to \$429.02 and was divided as follows:

Rush Co. National	\$95.94
Rushville National	85.42
Peoples National	66.52
Peoples Loan & Trust	29.17
Farmers Trust	25.23
Carthage bank	51.70

time after the matron took charge of him. Finally the cravings of his stomach overcame his timidity and he ate his supper. Then he fell asleep on a couch in the matron's room.

John said his father died about a month ago and that his mother married Bebout about a week later. They lived near Franklin until a few days ago when they moved to Ging's station, he said. Bebout was expected to meet him and his mother here yesterday, he told juvenile court officials.

Last night, so the story runs, the truth was finally told by the boy, after all the machinery of the Indianapolis police had been set in motion. When he was placed in the Detention Home in Indianapolis, he broke down and cried and said he "wanted to tell the truth."

At the Detention Home he said he had lived at Anderson, that he was sent on the traction line to Indianapolis and was to go on to Rushville to the place where the family will live. He went to a motion picture show, got lost, and appealed to the policeman. He told where his mother was visiting in Anderson. She was called on the telephone and said she would send after the lad immediately.

CENTENNIAL NEWS LETTER

(Issued by the Indiana Historical Commission)

Plainfield Experiment

The pageant "Indiana," to be enacted at the Boys' Industrial school at Plainfield on May 15 during the week of the National Conference of Charities and Corrections, is unique in its inception and form. It is a curious thing to have the inmates of an institution celebrating an event in the life of the State, which is responsible for their detention within that institution. It is probably the first instance of a patriotic celebration by penal institution in pageant form. Every item in its production is to come from the institution itself. The book is printed, the costumes tailored, the carpentry performed, the music furnished, the talent secured, all from within the walls of the school. It can more nearly be called a community celebration than any other celebration to be held in the State, as it has nothing which is not a product of the community which enacts it. The author and director, W. O. Conway, is not of the school but very greatly interested in it and is conducting the affair from the double standpoint of a pageant venture and a sociological experiment. That it is considered in the latter light by the National Conference of Charities and Corrections is indicated in the fact that it has given the Plainfield pageant a place on its program. Incidentally, it will advertise to the many distinguished visitors the efforts of Indiana to commemorate its Centennial.

A Word to the Wise.

Now that the Centennial movement is in full swing over the State, a word of caution seems in place. Centennial organizations and officials are being approached with all kinds of red fire and tinsel proposals made by amusement promoters. Some of the latter even agree to go into a town and put on its Centennial celebration, relieving its citizens of all thought and responsibility in the matter! Such a proposal is an insult to the intelligence of the community and brands those who make it. The Centennial activities over the State are being urged and entered upon from a high plane of real education and patriotism. They should not be compromised and degraded by commercial amusement companies posing in Centennial clothing. Better no celebration at all than a farce. The people of Indiana will profit by this year's efforts by just as much of thought and intelligent interest and work as they contribute. It is a safe proposition for communities to beware of the people who are anxious to give them something. Do your own celebrating. And remember—"The Centennial celebration is no carnival."

Huntington County Leads

Steady progress is being reported in the movement to erect a monument to the Pioneer Mother. As a result of the penny contributions made by the school children of the State, the amount of six hundred dollars has been received at the office of State Superintendent Great-house. A stamp is being issued for the promotion of the cause, which is to be sold at the rate of one dollar per hundred.

Huntington leads off this week with the first county celebration to be held in the State. Under the able leadership of County Chairman J. M. Scudder, city school superintendent, effective work of preparation and education has been done in the Huntington schools, and as a climax to all this an elaborate Centennial Exposition has been prepared which is being staged in Huntington's new half million dollar court house.

Thursday Afternoon Bridge Club, with Mrs. Jack Knecht, in the afternoon.

The Cross Country Club which was to have met tomorrow has been postponed.

Miss Zora Carney entertained several guests Sunday at a prettily appointed twelve o'clock dinner.

The Thursday Bridge Club has disbanded for the summer and will resume the pleasant meetings in the fall.

Mr. and Mrs. Robert Bell entertained at Sunday dinner Mr. and Mrs. Carroll Clifton of Gings and Mr. and Mrs. John Blessinger of Center.

Mr. and Mrs. Warren P. Elder and family went to Portland, Ind., today where they will attend the golden wedding anniversary of Mr. Elder's parents.

The Watson class of the St. Paul's M. E. Sunday school will be entertained on Friday evening at the home of Mrs. Sherman Oneal in North Perkins street, with the ladies of the fourth division entertaining.

At the K. of C. euchre party given in Connersville last evening several from this city were among the players. Miss Mamie Kuntz, Lawrence Knecht and Mrs. William Knecht attended.

Mrs. Will Bliss is entertaining a company of friends at Bridge tomorrow afternoon, honoring Mrs. Mand Shields and Mrs. Sarah Henley of Chicago.

An open meeting of the Ladies Musicales will be held Monday evening at the home of Miss Frances Frazee. Earl Marlatt will give a lecture on "Kipling" for the entertainment of the guests.

The "Every Day Cook Books," which have been compiled by the members of the Psi Iota sorority, the recipes being furnished by a number of Rushville's best cooks, will be on sale at Hargrove and Mullins all day Saturday. The price which has been 35c has been reduced to 25c for the sale on that day.

The Women's Missionary society of the Little Flatrock Christian church will meet at the church Thursday afternoon and the mission band will be in session at the church at the same time. All children are invited to attend. The May division will be hostesses as follows: Mrs. Charles Carney, Mrs. Curtis Geise, Mrs. Nora Wilson, Mrs. Mauzy Behout and Mrs. Harry Armstrong, leader.

EVENING OF CARDS

Mr. and Mrs. Wilbur Stiers celebrated the latter's birthday last evening by entertaining a few of their friends informally at cards. The six couples spent a pleasant evening around the card tables, and having a sociable good time. A delicious luncheon was served later in the evening.

FOREIGN MISSIONARY

An interesting program carried out at the meeting of the Foreign Missionary society of the St. Paul's M. E. church, which was held with Mrs. Anna Marlatt this afternoon, made a profitable afternoon for the members.

The following numbers preceded the short business session which was presided over by Mrs. J. H. Scholl, president of the society:

Special music.
Devotions led by Mrs. W. M. Whittitt.
Subject of the afternoon discussions—Tithing.
Talk on Japan—Mrs. Raymond Hargrove.

COLLEGE COMEDY

The Always Present Class of the Christian church will stage a clever college comedy at the Graham Annex on Friday evening, May 12th. Clever dialogue, and musical numbers with a chorus of forty voices carry out the plot of the play, the scene of which is laid in a boarding school for girls.

PLANS FOR BAZAAR

Thirty members of the Immaculata Sodality were in attendance at the regular meeting held last evening at the home of Miss Alma Hackman. The evening was given over to the discussion of plans for the bazaar, which is to be held in the K. of C. hall on May 10th and 11th. Lunch will also be served at this time.

PITCH-IN

The employees of the Neutzenhelzer Millinery Shop had a pitch-in supper last evening in the Millinery Store, where a table was arranged and a delicious repast was served. In the party were Mrs. Neutzenhelzer, Miss Myrtle Schmalzel, Mrs. Lote Carter, Miss Sue Gregg, and Mrs. Helen Mitchell, the latter being an invited guest.

FAITHFUL WORKERS

The Faithful Workers Class of the Christian church met Monday evening with Miss Mary Louise Wyatt at her home in North Perkins street. After a business meeting, presided over by the president, Miss Mildred Oneal, the evening was spent socially with music and games. Light refreshments were served to the fifteen guests who were present. The next meeting will be held at the home of Miss Mildred Oneal in North Perkins street.

INTERESTING AFTERNOON

Another chapter in "The King's Highway" which has furnished the topic for such interesting meetings of the Missionary society of the First Baptist church, was reviewed this afternoon, when the ladies met at the home of Mrs. Charles Ellerman of Circleville. Mrs. Ellerman was assisted throughout the afternoon by Mrs. Chester Ridout. The review of the chapter brought out an interesting discussion. A social hour, during which dainty refreshments were served, completed the meeting which was well attended.

SOCIAL MEETING

The social meeting of the Young Ladies Missionary society of the United Presbyterian church was held this afternoon with Mrs. Hal Pike at her home in West Ninth street. Sociability prevailed through the afternoon while the ladies were engaged over their fancy work. Near the close of the affair, a tempting collation was served by the hostess to the guests.

PLEASANT AFTERNOON

Eighteen members and five visitors were in attendance at the regular meeting of the W. R. C. Penny Social held with Mrs. Ben Goodin yesterday afternoon. The assisting hostess was Mrs. Lydia Turner. Red and white was the color scheme carried out in the pretty floral decorations, which consisted of vases of flowers placed about the rooms. After the afternoon of sewing and interesting conversation, the ladies enjoyed the service of dainty refreshments. The next meeting will be held the first Tuesday in June with Mrs. Will Trennepohl, who will be assisted by Mrs. Will Morgan and Mrs. Will Brown.

O. N. T. CLUB

Mrs. Anna Beachbard furnished a delightful afternoon for the members of the O. N. T. Club yesterday afternoon when she entertained them at her home in West Third street. Sewing and an interesting round of chat made the afternoon hours short ones. A dainty salad course was served near the close of the affair which was enjoyed by Mrs. Susan McGoglin, Mrs. Bowen, Mrs. George

Beautify Your Porch

The time has come when most people are moving out onto their porches. Your summer-living quarters should be just as cozy and beautiful as the rest of your home, and with that desire in mind, we have assembled many furnishings that will accomplish that purpose. A few new things placed advantageously, will work wonders

¶ We are showing a splendid variety of new designs in porch rugs. The colors are wonderful and the patterns are both neat and novel. There is a great range of sizes, allowing you to use the same design throughout. The showing also includes runners in varying widths.

¶ We are introducing a new line of porch shades—the Cliftwood—and we consider them as good as the best. They can be had in green or brown and in several widths. Also window awnings in several widths.

¶ Nothing adds more to the attractiveness of the porch than gorgeous cretons tastefully arranged. Style demands them, so use them profusely for chair covers, table runners, pillows, etc.

SEXTON C. W. B. M.

One of the most impressive meetings held this year by the Sexton C. W. B. M. B. was the one yesterday at the home of Mrs. John Weiss. A goodly number responded to the roll call and enjoyed the following program:

Hymn.
Scripture reading and prayer—Mrs. Ethel Wright.
Roll Call and Secretary Report—Mrs. Esta Grubbs.
Offering.
Prayer—Mrs. Grace Winkler.
Bible Study—Mrs. Maud Oldham.
Easter Offering—Mrs. John Weiss.
Recitation—Helen Winkler.
Hidden answers, conducted by Mrs. Elsworth Kiser.
Light refreshments were served to the guests, among whom was Mrs. Frank Sample of this city. The next meeting of the society will be at the home of Mrs. Winkler.

C. W. B. M.

The meeting of the C. W. B. M. of the Main street Christian church held in the church parlors this afternoon was well attended, the excellent program which was given being greatly appreciated. It was given in the following order:

Bible Study—The Home in Hebron—Mrs. Robert Kennedy.
Prayer—Mrs. Alice Newhouse.
The Home Base Reaching Around the World.

Bible Chairs—Mrs. G. V. Conaway.
College of Missions—Mrs. W. A. Alexander.

India Sketch—Mrs. Ed Bell.
Duet—Miss Marie Clawson and Miss Mary Smith.

A short business meeting, presided over by Mrs. Roy Waggener, followed the program during which the Easter offering was received. A dainty refectation was served by the ladies of the May division, which includes Mrs. J. J. Amos, Mrs. H. S. Carney, Mrs. W. A. Alexander, Mrs. R. H. Blount, Mrs. L. M. Which Do You Prefer?

It is important for reasons of health and practical economy for every housekeeper to ask herself this question:

"Do I prefer a pure baking powder like Royal, made of cream of tartar derived from grapes, or am I willing to use a baking powder made of alum or phosphate, both derived from mineral sources?"

The names of the ingredients printed on the label show whether the kind you are now using of any brand, new or old, that may be offered is a genuine cream of tartar powder, or merely a phosphate or alum compound.

Royal Baking Powder contains no alum nor phosphate.

Amusements

The Gem will show the usual four reels tonight. Tomorrow, matinee and night the first episode of the great Pathe serial "The Iron Claw" will be shown. Pearl White is featured. The story of "The Iron Claw" opens on a beautiful island where was situated Enoch Golden's home. In his employ was Dr. Jules Legar, whose attentions to Mrs. Golden caused his employer much unrest. Golden accused his wife and sent her away. At his orders, in a jealous rage, Legar's hand is crushed off in a vice and then Legar provided himself with an iron claw, the significance of which Golden understood. And now Legar commenced to be avenged. He flooded the island and rescued Margery, Golden's daughter, and then ill-treated and abused her. She is then sent away to the underworld where she becomes acquainted with a character known as the "Laughing Mask." In addition to this picture

a comedy and three act drama will be shown, making in all a six reel program.

The Princess offers the eighth episode of "The Strange Case of Mary Page," for the first picture tonight. In addition to this Helen Holmes will be seen in the thrilling railway drama entitled "The Perilous Swing." The last picture is a comedy, "Freddy's Narrow Escape." William Dangman is featured. Tomorrow the three act drama "The Despoiler" and the one reel comedy, "Hughy the Process Server," with Hughie Mack and Flora Finch, will be shown.

The Mystic will show the two act drama "Count Twenty" for the first picture tonight. Mary Malatesta, Ivan Christy and Joseph McDermott are featured. The second is a drama "The Broken Wheel." Herbert Prior is featured. The last is a comedy entitled "His Body Guard." Billie Reeves is shown in this one. Tomorrow, matinee and night the three act drama "As the Twig is Bent" will be shown.

Sides have been taken openly on the issue.

Methodists down in Maryland, ignoring the credited history of the church, held a celebration two years ago in honor of the 150th anniversary of the foundation of the oldest Methodist Church in the country, which they said was erected at Sam's Creek.

Here in New York, Methodists are preparing to celebrate in October this year the 150th anniversary of the John Street Methodist Episcopal Church, on which site they insist the first Methodist Church in the country was built. Their claim is backed by Church records and has official sanction of the General Conference, the Church's lawmaking body.

Philip Embury, a missionary, arrived in New York from Limerick, Ireland, in 1760. His following quickly grew. When this congregation outgrew its new home he began holding services in a sail loft in William Street. This was in 1767. One year later Embury had raised enough money to found a church on the site of the present John street Church. The present pastor is the Rev. L. R. Streeter.

Maryland Methodists claim that Robert Strawbridge sailed from Ireland two years before Embury and founded the first church at Sam's Creek fifteen miles from Baltimore. There is no officially approved record of this, but there was a church at Sam's Creek, which lasted a few years.

In 1912 the subject was brought up at General Conference meeting and a commission of seven clergymen appointed to solve the mystery. The meeting was held in Baltimore, and here enters politics.

"Seven representatives were invited from Southern churches to vote on the question," said the Rev. Carroll today.

"The Rev. Kelley, the Rev. Chadwick and myself refused to vote as the vote said the church founded at Sam's Creek was the oldest in America."

The board of bishops then requested that action of the commission be deferred until the meeting of the general conference this year.

This was ignored, and two years ago the Southern churches celebrated the sesqui-centennial at Sam's Creek.

The Rev. Carroll said there will be a minority report to the general conference objecting to the adoption of the report that the Maryland church is the oldest.

Meantime, the Rev. Streeter is busy getting ready for the sesqui-centennial celebration at the John Street church.

FARMERS URGED TO NAME PLACES

State Officials Wage Campaign to Have All Farms Given Title According to Law

REGISTRY FEE IS ONLY \$2.25

Action Taken by Legislature Protects the Name Any Farmer May Select

People who own farms and who are content to have their rural land known as "our place," or "my place" should look at that question in a different sense, according to state officials who are now waging a campaign throughout the state in an effort to have each farm named. Action taken by the legislature protects the names chosen by the property owners.

The law provides that any owner of a farm in the state of Indiana may have the name of his farm, together with a description of the lands, to which the name applies, recorded in a register kept for that purpose in the office of the county recorder. The cost of the registration is \$2.25 and the proper blanks can be obtained at the recorder's office. One of these blanks is a declaration of purpose and the other, the recorder's certificate that the name of the farm has been duly registered.

Names are usually selected distinctive of some characteristic of the place, but this is not always true nor is it always advisable on account of the perishable character of the features. The name should be significant of some characteristic of the place, a tribute to a person or memorial of some event or it may be chosen according to the dictates of fancy. The main thing is that it becomes so closely identified with the place that one immediately suggests the other.

The agricultural extension department of Purdue university has dedicated a bulletin to this movement which contains a list of names gathered from various sources. When a name is chosen it should be recorded immediately lest some other person select the same time.

DON'T TAKE A CHANCE

Rushville People Should Act in Time

If you suffer from backache; If you have headaches, dizzy spells; If the kidney secretions are irregular, Don't delay—likely your kidneys are sick.

Rushville people recommend Doan's Kidney Pills.

Here's a Rushville man's experience.

M. Conner, cigar mfg., 1001 N. Harrison St., Rushville, says "I had backaches and pains through my kidneys. My kidneys were irregular in action. Doan's Kidney Pills stopped the pain in my back and regulated the kidney action."

The above statement was given on July 22, 1912, and on Aug. 25, 1915.

Mr. Conner said: "I haven't had occasion to use Doan's Kidney Pills since giving my former endorsement, telling what they did for me. I believe the cure is permanent."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Conner has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

REAL ESTATE SALE

CITY RESIDENCE 388.58 ACRES

The undersigned commissioners appointed in an action for partition of the real estate of Daniel Brown, late of Rush County, Indiana, deceased, wherein Dean Travis is plaintiff and John M. Brown et al are defendants, to sell the real estate described in the complaint in said cause filed in the Rush Circuit Court, will on

Saturday, June 3d, 1916

at one o'clock p. m. of said day and from day to day thereafter until sold, offer for sale to the highest and best bidder, the following described real estate in said county of Rush, State of Indiana, to-wit: The southwest quarter of Section 10; also the south half of the northwest quarter of said Section 10; also the southeast quarter of said Section 10, except the following tract: beginning at the northwest corner of the said southeast quarter of said Section 10, thence south 25 poles, thence east 160 poles to the east line of said Section, thence north 25 poles to the northeast corner of said quarter, thence west on the north line of said quarter to the place of beginning; all of said real estate being in Township 13 north, Range 9 east and containing 388.58 acres. Also Lot No. 276 in Payne, Reeve and Allen as trustees addition to the city of Rushville.

At the law office of Sam. L. Trabue, Rushville, Ind.

This real estate consists of residence property at 820 W. Eighth St., Rushville, Indiana, and 388.58 acres of exceptionally good, level, agricultural land, sufficiently undulating for excellent drainage, which is provided by two large tile drains crossing each tract, and sufficient laterals. It is equipped with two complete sets of farm buildings, is well fenced and is supplied with excellent water by eight wells, three being deep water wells. This is burr oak, poplar and sugar tree land, and is very productive of all kinds of grain and grasses. It is all under a high state of cultivation except about 35 acres of woodland, part of which is on each tract and part of which is well set in blue-grass. By judicious crop rotation, clover growing and fertilization this land has retained a very high degree of fertility, as is evidenced by the fact that administrator's sale amounted to \$15,500.00 in addition to grain feed and a \$2,500.00 wheat crop. There are 2 first class orchards of leading fruits—one young and the other full bearing; also all kinds of small fruits. No open drains. No waste land whatever. This land is located 4½ miles southwest of Rushville on first class highway, in active producing natural gas belt, convenient to church and schools and near a high tension electric supply line from which power and light may be obtained. Community highly intellectual and progressive. Will be sold in tracts ranging from 81 acres to 140 acres or all together.

TERMS—One-third cash, one-third in 12 months and one-third in 18 months with option of paying all cash. Deferred payments to be evidenced by purchasers note bearing 6 per cent per annum interest from date and secured by first mortgage upon the real estate sold.

TWO EXHIBITS ARE OF INTEREST

Display of Military Branches of Government on "Safety First" Special Timely.

LEFT WASHINGTON MAY 1

Navy and Army Have Special Exhibits to Demonstrate How Country is Defended.

Washington, May 3.—With the present interest that is being taken by the people in national preparedness, the exhibits of the two military branches of the Federal government on the "Safety First" Special, which started from Washington Monday, on a tour of the country, promises to attract much popular attention. Both the Navy Department and the War Department have ears devoted exclusively to displays of apparatus and models of apparatus used by these departments. These give the citizens of the country a glimpse of the manner in which Uncle Sam is prepared to deal with emergencies that may arise. The Navy Department shows models of the great guns that are on the battleships and will have men from the navy to explain their workings. There is a modern machine gun, similar to those now being used in the European war, and also a rapid fire Hotchkiss gun, of a type formerly used by the Navy. A six-pound gun of the latest design used on ships also is exhibited. Exact models of the pre-dreadnaught Vermont and the commerce raider Columbia also is shown. The latter is an example of an obsolete type, the scout cruisers now taking their place.

Perhaps the greatest interest in the Navy exhibit will be centered in a torpedo, the type of instrument that has caused so much death and destruction in the European war. The Navy men on the car will explain that each torpedo costs from \$4,000 to \$8,000 and that many of them are used in warfare. The Navy has obtained from one of its submarines a portable wireless outfit which is to be carried with the car and will be in working order at all stopping places. Messages will be received and sent daily and the visitors will be permitted to witness the station under actual working conditions.

The Weather Bureau, Department of Agriculture, has installed on its car a mammoth weather map, which each day will set forth the prevailing weather conditions throughout the country, including the temperature, rainfall and storm conditions. The bureau receives the forecasts from the Washington office every day and the map is corrected accordingly. The powerful Arlington

Why Should You Choose Your New Rugs and Draperies Now?

One very strong reason in favor of immediate selection lies in the fact that the new wholesale prices just issued (May 1st) quote prices much higher than we are asking at retail. The continued shortage of raw materials is the cause.

EXPECTS NO ENDORSEMENT

Harmony Prevails at Michigan G. O. P. Convention.

(By United Press.)

Lansing, Mich., May 3.—Harmony prevailed today with the assembling of 1,472 delegates to the Republican state convention here. The pre-arranged program was expected to go through without a hitch.

The convention business consisted only of the election of four delegates-at-large to the Chicago convention, election of a new state central committee and 15 presidential electors.

Any attempt to obtain the convention's endorsement of any one of the half dozen gubernatorial candidates, it was thought, would be defeated.
